ment to about 50 skilled mechanics. The indications are that they will locate at Sebring, as the bonus asked is practically offered by the land company. The officers were favorably impressed with the town and will hold a meeting to decide up on the offer.

Her escape from instant death was considered miraculous.

### WEDDINGS ARE MANY

The ceremony was performed at 3:30 o'clock yesterday by Rev. J. W. Gorrell, in the presence of the families and intimate friends of the young people. The bride wore a handsome gown of silk laced down over pink rose applique and draped with white satin ribbon. Misses Maude Steele, an aunt of the bride,

## WITH THE OPERATIVES AND MANUFACTURERS

The first sessions of the joint conference between representatives of the National Brotherhood of Operative potters and those of the Western Manufacturing Potters' association, are now matters of history. For ten hours yesterday these fourteen gentlemen in the rooms of the Potters' club on Fifth street, met in conclave to discuss the revision of the uniform wage scale, and shortly after 10 o'clock last evening an adjournment was taken. No more sessions of these committees will be held until the matter has been talked over in the locals. The two sessions, that of yesterday afternoon and evening, were quite harmonious.

It has been stated, and upon the most reliable authority, that the committee representing the manufacturers presented their communication which was in answer to that which was received some time ago from Secretary Duffy, with the announcement that it was the best the manufacturers could do under the present condition of affairs, and that it was the desire of the manufacturers of the west to allow the old uniform list to remain in force, as was done during the past year.

However, both representatives agreed to talk over the scale as drafted by the secretary of the Brotherhood, and the main discussion throughout the two sessions was on that part which pertained to the contract system, which was desired abolished by the operatives, and that all workmen receive their money direct from the office. Manufacturers seen today say they could not abolish the system, but further than this no views could be obtained on the particular subject.

However, it is stated that a few minor concessions were made by the manufacturers, which were in substance as follows:

The manufacturers were asked to

## BLOODY FIGHT UPON A TRAIN

Woman Excursionist Got a Stab Intended for a Male Fighter.

### TRYING TO MAKE PEACE

She Got a Serious Wound—Drunken Excursionists Caused a Reign of Terror in a Railroad Car—Officers Unsuccessful in Restoring Quiet.

A general, fierce and bloody fight took place last night on the second section of the Pittsburgh excursion train as it was about to leave Chester. The participants were all drunk, and soon a general melee started, many engaging in fistfights.

One of the women who was attempting to separate two of the combatants received a bad knife wound in the breast, the knife cutting a terrible gash.

The stab was intended for one of the men fighting and she being directly in the way received the thrust. A physician, who accompanied the excursionists, dressed the wound.

The Chester officers and Detectives Reeves, Johnson and Jester, of

the railway company, entered the car and tried to quell the fighters, but did not succeed before the train left Chester. The detectives said they would arrest all parties concerned when they arrived in Pittsburgh. The car presented a bloody appearance.

## CHAS. ROSS' WOUNDS PROVED TO BE FATAL

YOUNG MAN THE VICTIM OF ACCIDENTAL SHOOTING.

The Bullet Through the Liver Caused Death Early Last Evening.

Charles Ross, aged 18, died at the home of his mother, Mrs. Charles Hayes, in Calhoun's addition at about 5 o'clock last evening, death being caused by an accidental gun shot wound received last week while he and a companion were examining a revolver.

Dr. Marshall, who, with others, performed an operation upon the young man, stated that his death was caused by the bullet penetrating the liver. No autopsy was performed. The funeral services will be held Saturday, it is thought, although definite arrangements were not completed this morning.

### DRUNKEN FIGHTS

And Disgraceful Conduct Characterized an Excursion Crowd Yesterday.

The picnic given in the name of the Hancock public school of Pittsburgh, brought to Chester and East Liverpool one of the most disorderly crowds on the season and the authorities were kept busy suppressing fights and disorder in the two towns. Numbers of females and their besotted male companions visited the saloons of East Liverpool, and a number of fights resulted. The language used on the street cars and thoroughfares, and the

## THE KING'S CONDITION IS MORE FAVORABLE

London, June 26.—(Special).—The official bulletin issued by the king's physicians at 10:05 this morning says: "His majesty has had a better night and has had some refreshing sleep. He has improved in all respects. His constitutional condition is quite favorable and the state of his wound also satisfactory."

condition of many of these women was disgusting in the extreme. Especially was this so when they were boarding their trains at the park. Drunken men and women were assisted to the train, while many of their companions yelled in drunken glee.

The crowd within the park, however, was very orderly, and only those who came over to East Liverpool, and they were many, cast any disgrace on the event.

Two of the Pittsburgh excursionists who got on a load of East Liverpool tanglefoot were put off a Rock Springs car near the west end of the bridge last evening for refusing to pay fare. They started to walk over, and again refused to pay toll to Bridge Officer Paulley. One of them became quite abusive and applied vile epithets to the officer who finally took the offender by the coat collar and told him he would give him a free ride. He produced the toll and was given his freedom.

## EXPLOSION CAUSED FIRE

Flames in Ikirt Building Proved Both Exciting and Dangerous.

### T. H. JONES BADLY BURNED

While Trying to Extinguish the Flames in Burning Tailor Shop.

### CAME NEAR SUFFOCATION

As a result of a fire in the Ikirt building, 206 Sixth street, yesterday afternoon at 5 o'clock Jones & Bailey, proprietors of the tailoring establishment located in the upper side of the building, suffered a loss amounting to over \$600, and T. H. Jones, the senior member of the firm, received painful injuries.

The fire was caused by spontaneous combustion and originated at the rear of the building in what is called the dry room. A large quantity of pressed clothing had been placed in the room and the gasoline lighted for the purpose of drying them. Having done likewise on numerous occasions the proprietors were very much surprised when they heard the explosion.

Mr. Jones rushed into the room and endeavored to extinguish the flames but was unsuccessful. While groping through the room, filled with smoke, he came in contact with the blaze. His face was painfully burned and he was almost suffocated when he emerged on the street.

In a very short time the firemen responded to the alarm and as quickly they had the fire under control. The

exact loss entailed cannot be given today, but Mr. Bailey states that it will not fall under \$650, and that he carried no insurance.

The lower side of the building, occupied by John Dunkle as an ice cream parlor, was not damaged beyond being smoked. The second floor of the building is occupied by Mrs. Mary Crowe, as a boarding and lodging house. It escaped damage. The building was fully insured, and the loss to the Ikirt heirs will be small.

Cleveland Government Knocked—A Lieutenant Governor Must Be Chosen.

Columbus, June 26.—(Special).—The supreme court today decided that the Royer act refuses it jurisdiction. It also knocks out Cleveland's form of government and the Toledo police ward bill. It also decides that Gov. Nash must appoint a lieutenant governor.

### Commissioners as Arbitrators.

Lisbon, June 26.—(Special).—Yesterday the county commissioners acted as the Columbiana board of education and heard arguments for and against the appointment of E. O. Trescott as superintendent of the Columbiana schools. The commissioners selected Trescott and fixed the superintendent's salary at \$1,000, instead of \$900.

## EAST END

## CRASHED THROUGH ROOF

A Large Maple Tree Fell on the Park Pavilion During the Storm.

Had the day been a pleasant one there is every reason to believe that a number of persons would have been seriously injured at Columbian park yesterday afternoon between 5 and 6 o'clock. At it was several hundred dollars worth of damage was done the dancing pavilion.

During the rain yesterday afternoon a large maple tree standing north of the pavilion fell and crashed through the roof of the building. Luckily there was not one about the building at the time. The roof of the building was badly damaged but a force of workmen are to be put on at once, making the necessary repairs, in order that the pavilion will be ready for use commencing next Tuesday morning.

## SIX MINUTE SCHEDULE

On the Street Railway to the East End May Go Into Effect Saturday.

Superintendent Thomas Reed, of the East Liverpool Street Railway, this morning stated that if it could be possibly done a six-minute schedule would be adopted on the road between the East End and the Diamond, commencing next Saturday evening. It may be that the improvements to the road will not be completed by that time, and it not the new schedule will not be commenced until early next week.

A force of men today made a long needed improvement to the Second street switch, and when this work is finished attention will be devoted to the completing of the switch on Ohio avenue. The new six minute schedule will be put in effect during the busy hours of the day.

## SEWER PIPE PLANT

Inspected by High Officials—Getting Its Share of Business.

Several high officials of the American Sewer Pipe company were in the East End today, the guests of General District Superintendent Thomas F. Anderson. While there they made a thorough inspection of the East End plant. It is intimated that the sewer pipe company is throwing as much as possible of its business to those plants with modern equipment.

The East End plant has been receiving its share of the large orders, and now that the power capacity of the plant has been increased it is likely still larger business will be offered the plant.

## Cleaned by the Rain.

The heavy rains of yesterday afternoon and evening were relished by those persons who own property along the several runs in the East End. During a dry spell these runs become filled

with rubbish, and the only time they are cleaned is during a heavy rainfall. This morning the runs, especially Lake's run, north of Pennsylvania avenue, was cleaner than it has been for months.

## Club Still in Existence.

Robert Sodecker this morning announced that the report which was extensively circulated in the East End yesterday morning that the Pastime club had disbanded was an error. He claims that the business of the club is run legally.

## MORE MAILS NEEDED

Railway Mail Service Official Will Recommend Two Mails for Chester Daily.

James McConnell, of Pittsburg, chief clerk of the railway mail service in this district, was in the city yesterday in conference with Postmaster Surles, of East Liverpool, and Postmaster Rose and others, of Chester, in regard to the betterment of the service between Mercer (Chester) and East Liverpool.

It was found that the former town had but one mail per day each way, and after solicitation by numerous citizens, Mr. McConnell came on to look into the matter. In speaking about a change last night the chief clerk said that he saw at a glance that two mails per day were absolutely necessary between these points, and will undoubtedly recommend such an improvement to the postoffice department in Washington.

Mr. McConnell left for Salineville last night, where he will look into other postal affairs that need attention.

## Few Packets Running.

## The Hairpin in Surgery.

The hairpin as a surgical instrument is treated quite seriously by a physician who, writing in a technical journal, names fifteen different ways in which it may be used in an emergency to ease pain or even to save life. For example, it might serve as a probe, as a surgical needle, in place of a drainage tube, to remove foreign bodies, to compress a blood vessel or to close a wound.

"One hair of a woman can draw more than a hundred pair of oxen," wrote old James Howell almost three centuries ago. It may be that some of the virtue of the hair goes into the pin.

## PATTISON IS NAMED.

Chosen by Pennsylvania Democrats as Their Governorial Candidate.

## PHILADELPHIANS WALKED OUT

Left Convention After Kerr Lost Guthrie For Lieutenant Governor Nolan For Secretary of Internal Affairs—29 Philadelphia Delegates.

Lie, Pa., June 26.—For the third time in 20 years ex-Governor Robert E. Pattison, of Philadelphia, was nominated for governor of Pennsylvania yesterday by the Democratic state convention. George W. Guthrie, of Pittsburg, was the unanimous choice of the convention for lieutenant governor. James Nolan, of Reading, was nominated by acclamation for secretary of internal affairs. The platform makes no reference to national questions, which indicates that the campaign will be made strictly on state issues.

Pattison was first nominated at Harrisburg in 1882. He was nominated again at Scranton in 1890. Both times he was elected. His most formidable rival in yesterday's convention was ex-Congressman James Kerr, of Clearfield, who was chairman of the Democratic state committee in Pattison's second campaign.

Pattison appeared before the convention and made a brief speech of acceptance.

## Philadelphia Contest Hottest.

The real contest in the convention on the question of the representation Philadelphia. Sixty delegates were elected, but State Chairman William T. Cressy ruled that county was entitled to only 29. The chairman's ruling was sustained by the credentials committee and also by the convention. During the debate on this question the spectators in the galleries interrupted John M. Garman, of Luzerne, with hisses and jeers. The police were called in by the sergeant-at-arms to restore order. All the Philadelphia delegates voted for Kerr, and left the hall after Pattison's nomination. The convention was held in the Park opera house.

The committee on permanent organization suggested Robert E. Wright, of Allentown, for permanent chairman. He was elected by acclamation.

GOVERNOR R. E. PATTISON.

ation and in accepting made a speech.

John B. Keenan, of Westmoreland, presented the report of the credentials committee, which decided the contests in the Fifth and Sixth Luzerne districts, the First Schuylkill district and the Twentieth Philadelphia district in favor of sitting delegates. The contest from the Twenty-sixth Philadelphia district was decided in favor of the contestant, Eugene G. Borniwell. Mr. Keenan also reported that a motion brought before the committee to grant a representation of 60 delegates to Philadelphia was decided in the negative.

A minority report was presented by ex-Judge James Gay Gordon, of Philadelphia, in the form of a resolution that Philadelphia be accorded a representation of 60 delegates. Mr. Gordon said that at the last election in Philadelphia county, acting under the leadership of National Committeeman Guffey, State Chairman Cressy and ex-Governor Pattison, former chairman of the Philadelphia city committee, 102,000 votes were cast for the Democratic state candidates, Coray and Yerkes. This was the largest Democratic vote ever cast in Philadelphia for any Democratic candidate for any office since Philadelphia has been in existence.

## Punished For Doing as Directed.

Because the Democrats cast this number of votes by voting for Democratic state candidates on the Union ticket, Chairman Cressy, under whom they acted, has said that we shall be punished, continued Mr. Gordon, by having only 29 representatives in the convention. In 1900 the Philadelphia Democrats polled 61,000 votes for Bryan, and on that vote they would be entitled to 60 delegates. They do not claim representation on the vote cast for the Democratic state nominees last November. They were willing to concede that the vote for Bryan was a fair and reasonable representation. Mr. Gordon warned the convention that a Democratic governor could not be elected this year without the full votes for the Democratic state ticket last November and the independent vote of Philadelphia and Allegheny counties.

William Lesher, of Northumberland, advocated the adoption of the majority. Mr. Garman, speaking in fa-

Var of this report, denounced the Philadelphia Democrats for alleged party treachery. His remarks were received with jeers and hisses, mingled with cheers from the galleries. The din was so great he could scarcely be heard. Chairman Wright called upon the sergeant-at-arms to restore order and several policemen were stationed about the galleries.

Mr. Garman said Philadelphia ought not to have more than 29 delegates in the convention and that it was a question whether or not the Democrats of that county should not be kicked out of the Democratic convention. If they want a large representation in the convention let them vote the straight Democratic ticket and not a hybrid Republican ticket.

## Daily Replied to Garman.

J. Burwood Daly, of Philadelphia, replying to Mr. Garman, said he was the only Democrat in the state who ever took the action of a Democratic convention into court to destroy the action of that convention. He declared that the Philadelphia Democrats have justly earned the right to 60 delegates in the convention and that Messrs. Guffey, Cressy and Pattison promised that if they voted the Union ticket last November they should be guaranteed party regularity.

This closed the discussion and the majority report of the committee was

GEORGE W. GUTHRIE.

adopted by a vote of 220 to 94.

Ex-Judge Edwin M. Harvey, of Lehigh, reported from the resolutions committee the platform, which was adopted.

The roll was then called for the nomination of candidates for governor. Pattison's name was presented by Colonel Frank J. Fitzsimmons, of Lackawanna.

The nomination was seconded by Isaac Heister, of Berks. David F. Portney nominated Colonel John A. Woodward, of Centre.

Charles A. Fagan, of Pittsburg, nominated George W. Guthrie.

Kerr's name was presented by ex-Judge Gordon.

The nomination was seconded by ex-Judge David L. Krebs, of Clearfield.

The nominations closed. Mr. Pattison was nominated on the first ballot. The vote by counties follows:

WRIGHT MEDICAL CO., Columbus, O.

Westmoreland, was chairman. Mr. Pattison then made a speech.

Guthrie and Nolan Nominated.

W. J. Breen, of Venango, nominated Mr. Guthrie for lieutenant governor. The nomination was seconded by ex-Judge John C. Reburn, of Armstrong. The nomination was made by acclamation. Mr. Nolan was named for secretary of internal affairs by W. J. Brennan, of Allegheny, and seconded by Congressman Henry D. Green, of Berks. He was also nominated by acclamation.

The Hession committee filed its report and a motion was adopted that the state chairman be directed to have it printed and distributed. After the adoption of the customary motions authorizing the state executive committee to fill any vacancies which may occur on the ticket and directing the chairman to appoint a committee on notification, the convention adjourned.

## Notice to Republicans.

Notice is hereby given to the Republican  
electors of the Eighteenth Congressional  
District of Ohio, that a delegate Convention  
to place in nomination a Candidate for  
Representative to Congress will be held at  
**Salem, July 23, 1902.**

at 11 o'clock, a. m.  
Delegates will be selected in the several  
counties composing said district, on the  
basis of the Republican vote cast for Pres-  
ident in 1900, viz: One Delegate for each 100  
votes and fraction thereof in excess of 50.  
COLUMBIANA, 103 Delegates  
MAHONING, 80 Delegates  
STARK, 132 Delegates  
By Order of Congressional Committee.  
J. P. FAWCETT,  
E. H. TURNER,  
ED. A. KING,  
Committee.

At the November election next year,  
the people of Ohio will have four im-  
portant propositions to decide. They  
are proposed constitutional amend-  
ments which the last session of the leg-  
islature provided should be submitted  
to a vote. The Ohio state board of  
commerce is already beginning a sys-  
tematic campaign of education in fa-  
vor of all of them. It is none too soon  
place the matter before the people and  
let them ponder the questions involv-  
ed and make up their minds. As a  
contemporary remarks, the most of  
the amendments submitted to the peo-  
ple fail at the polls, not because a ma-  
jority of the voters cast their votes  
against them, but because, not under-  
standing clearly what they propose,  
a very large number do not vote on  
them at all. As a constitutional  
amendment requires a majority of all  
the votes cast at the election in order  
to be adopted, all who fail to vote are  
counted against the proposition. The  
four amendments are as follows:  
First—To abolish the double liability  
of stockholders in business corpora-  
tions. Second—To prepare the way  
for reforming our system of state and  
local taxation by classifying all sub-  
jects of taxation and applying a uni-  
form rule to all subjects included in  
a class. Third—To invest the govern-  
or with the power of veto. Fourth—  
To provide that each county shall  
have at least one representative in  
the general assembly.

The appointment of township road-  
masters and the doing away of the  
old system—or lack of system—in  
Stark county is said to have worked  
a wonderful improvement on the coun-  
try highways of that section. Two days' labor on the roads  
was done away with and the people  
pay road taxes instead of working.  
This puts a fund in the hands of the  
roadmasters that allows him to do  
more work and at the time when the  
roads need it. Under the old system  
the roads were worked in spots and  
generally very little judgment was  
used. Now each year in every town-  
ship some improvements of a perma-  
nent nature can be made. It is pre-  
dicted that in a few years the roads on  
Stark county will be 50 per cent better  
than they are today. If the experi-  
ment accomplishes this, its influence  
and example should be far-reaching. It  
is certainly time that the residents of  
the country districts began to study  
scientific road-making and put ap-

proved methods into practice. Amer-  
icans, so enterprising in all other di-  
rections, are behind the age in this  
particular, but concerted effort to  
awaken them to a realization of their  
shortcomings is slowly but surely hav-  
ing its effect.

Much as one may admire the in-  
trepidity of scientists who have been  
looking into burning craters to add to  
their own and the world's information,  
a physician of Paris is undertaking an  
experiment fully as dangerous and far  
better calculated to add to useful  
knowledge. Prof. Koch some time ago  
asserted that it was impossible for a  
human being to contract tuberculosis  
from cattle. The Paris doctor disbe-  
lieves this theory, and in the interests  
of science and at the risk of possible  
martyrdom, has had himself inoculated  
with tuberculosis from a cow, and will  
let the disease run its course and run  
the risk of being cured afterward. All  
the heroes do not perform their deeds  
on fields of battle.

The Pennsylvania Democrats did not  
mention Bryan or his famous plat-  
form. But they were so busy roasting  
Mr. Quay and others that they came  
near forgetting everything else.

Tramps will keep out of Kansas.  
Farm help is so scarce out there that  
agriculturists are reported using shot  
guns to drive any stray hoboes they  
may find into the harvest field.

Probably the reason Mr. Bryan stay-  
ed out of that Nebraska fusion move-  
ment was that he is not prepared for  
another defeat so soon after his latest  
memorable one.

The Panama canal bill is moving  
along toward final adoption, and the  
great undertaking, talked of for a cen-  
tury, will soon be under way.

Pattison, of Pennsylvania, evi-  
dently fails to remember the old adage  
about the pitcher that goes frequently  
to the well.

The Democratic party is certainly  
in need of an arbitration board, but we  
pity the man who serves on that body.

years, died at his home at Bellairs, Pa.,  
evening of the 24th, of a short illness. He

## CASTRO'S MEN DEFEATED.

Tried to Take Venezuela Town, but  
Surrendered to Rebels.

Willemstad, Island of Curacao,  
June 26.—Advices received here from  
Venezuela, under date of June 20,  
said President Castro recently tried  
to occupy LaVela (on the gulf of  
Coro). He sent General Colmenares  
with a large force of troops to attack  
the town by sea, hoping that General  
Ayala would assist by land and catch  
the revolutionists who are there, com-  
manded by General Riera. General  
Matos' first lieutenant, between two  
fires. But for unknown reasons there  
was no assistance by land and General  
Colmenares, after three hours' fight-  
ing, was compelled to re-embark his  
troops and abandon the attack.

During the morning of June 20 Gen-  
eral Riera left LaVela and with 1,500  
men attacked Coro, the capital of the  
state of Falcon, nine miles distant.  
After five hours' battle General Ayala,  
first vice president of the republic  
and commander of Castro's army, and  
General Telleria, president of the  
state of Falcon; 17 generals and 45  
colonels surrendered, with five guns  
and 1,622 men.

The moral effect of this victory was  
incalculable on all the country, as  
President Castro lately represented in  
bulletins that General Riera was fly-  
ing with only 10 followers.

## Our Grape Phosphate

If there is one best drink at  
our fountain, and we think there  
is, the above is its name.  
To drink it is to praise it. We  
can not tell you how fine this  
Grape Phosphate really is.  
You must taste it, sip it, drink  
it slowly, to be able to fully ap-  
preciate its qualities.  
It is made differently, served  
differently, and it tastes differ-  
ently than any Grape Phosphate  
you have ever drank.

## WHAT IS GOING ON IN THE POTTERIES

### Special Correspondence.

Wheeling, June 26.—The decorating  
department of the Warwick pottery  
has been closed until after July 4. The  
clay department is still working, and  
when it stops will draw three weeks'  
pay.

John Devine, a dipper at the War-  
wick, who is known to many in East  
Liverpool, will leave in a few days for  
Baltimore, where he will visit rela-  
tives for several weeks, or until the  
plant resumes business.

T. J. Duffy, of East Liverpool, was  
in the city Sunday visiting friends.

Frank Wagner and wife spent their  
short vacation at Tiffin, where they  
are visiting relatives and friends. Mr.  
Wagner was formerly employed at  
East Liverpool, and worked for some  
time at Brunt's.

The employees of the Riverside pot-  
tery have organized a sick and bene-  
ficial society. Each member pays in  
25 cents each pay and if a member is  
ill he receives \$5 a week from the so-  
ciety. At the end of each six months  
a dividend is declared, and the money  
left is equally divided among the sev-  
eral members. A dividend of \$2.20  
has just been paid, although a number  
of sick claims have been granted dur-  
ing the past few months.

Local No. 46 of Wheeling, at its last  
meeting, elected the following officers  
for the last six months of the present  
year: President, George Cusick; vice  
president, Andrew Baker; recording  
secretary, August Martin; financial  
secretary, J. J. Scholl; treasurer, Jas.  
Bradley; inspector, Charles Hebrank;  
inside guard, Patrick Crogan; trustee  
for 18 months, H. A. West. The new  
officers will take their seats at the  
next session, which will be held in  
July.

An attempt is being made by the  
members of local 46 of this city, to get  
the union label and then work in con-  
junction with the plumbers, who are  
asking for the general use of their la-  
bel all over the city.

George Newhardt, a well known  
presser of this city, has issued a chal-  
lenge to box any East Liverpool pot-  
ter at a weight of 135 pounds. New-  
hardt is gaining quite a reputation as  
a boxer about Wheeling.

Andrew Schroder, a well known pres-  
ser, met with an accident recently  
which is causing him much pain. He  
was moving some moulds and some of  
them fell on his left foot, mashing  
several toes.

A closet called the "top supply wash  
down," which is only made in the  
west at Wheeling, Tiffin and Kokomo,  
is something new. A number of large  
orders have been received at the Riv-  
erside for this new shape.

Not very much time is being made  
at the LaBelle pottery, one of the  
general run-of-ware shops of Wheel-  
ing. The pressers are working but  
half time. A new jumbo jigger has  
been placed in this shop, and all the  
ware possible is being made on it.

It is estimated that the fire which  
gutted the packing house of the Iron-  
sides pottery at Bordentown, N. J.,  
late Monday night, did \$10,000 dam-  
age to the stock alone. The damage  
to the building will amount to several  
thousand more. The loss is covered  
by insurance. The Bordentown fire  
department was unable to cope with  
the flames, but did good work in sav-  
ing surrounding property. Several  
persons had narrow escapes from seri-  
ous injury by falling walls. Amos  
Thorn, William Roberts, Frederick  
Barker and William Warrick, Jr., were  
slightly hurt.

Charles Rambo, a kiln drawer at the  
Dresden, met with a serious acci-  
dent Monday. He was taking a sag-  
ger from a bung when it broke, and  
some pieces fell on his left arm, sever-  
ing an artery. He was taken to the  
office of a physician where five stit-  
ches were required to connect the cut  
flesh. Rambo worked for Edwin  
Veith and will be unable to work for  
several days.

The sagger makers on the new end  
at the Laughlin No. 3 will lose only  
two days as a result of the approach-  
ing shut down. This will be on July  
4 and 5. The company is in need of  
many saggars, and as this will give  
the sagger makers a chance to in-  
crease the stock of green saggars, a  
good supply can be obtained.

B. C. McCullough has resigned his  
position as kiln fireman at the Oliver  
plant at Sebring, and has gone to  
East Palestine where he has taken a  
similar position with the East Pale-  
stine pottery company. His position  
at the Oliver will be looked after by  
William Hollingshead, who is well  
known in this city.

A charter was issued at the state  
department at Harrisburg to the Key-  
stone Pottery company at New Brigh-

ton, capital \$30,000. The directors  
are: Oliver Molter, Charles F. Kra-  
mer, L. H. Blair, F. H. Walker, Wil-  
liam Lloyd, H. C. Rigby and James C.  
Cowan.

Dish makers' local No. 29, has elect-  
ed the following officers: President,  
James Heckathorn; vice president  
Everett Rose; recording secretary, H.  
O. Allison; financial secretary, J. S.  
Myler; statistician, James Hecka-  
thorn; treasurer, Robert White.

William Devon, chief fireman at the  
D. E. McNicol pottery, went to  
Moundsville yesterday to attend the  
funeral of Monroe J. Timlin. He re-  
turned to the city today.

William Herron, engineer at the  
Sevres pottery, is very ill at his home  
on Third street. He has been unable  
to work for several days.

## QUAY WAS SATISFIED.

Agreement Reached to Consider Ter-  
ritories Bill Next Session.

Washington, June 26.—In a few  
minutes yesterday the senate dis-  
posed for this session of the omnibus  
statehood question, which has been  
pending for several days. Mr. Bev-  
eridge, of Indiana, chairman of the  
committee on territories, announced  
that a report on the bill before the  
committee would be made on the third  
day of the next session. This was  
satisfactory to Mr. Quay, of Pennsylv-  
ania, who, after securing an agree-  
ment that the committee's report  
could be the unfinished business on  
and after the 10th of December until  
it was disposed of, withdrew his  
motion to discharge the committee  
from further consideration of the  
measure. After Mr. McCumber, of  
North Dakota, had discussed the  
pending pure food bill, and Mr. Gal-  
lenger, of New Hampshire, had de-  
livered an extended argument to show  
that the present prosperity of the  
country was due to the operations of  
the Dingley tariff law, the senate  
took up the calendar and passed a  
large number of bills of minor im-  
portance.

The conference report on the army  
appropriation bill was agreed to, thus  
passing that measure and eliminat-  
ing the friction which has existed be-  
tween the two houses over it.

## Ready to Take Hold.

"He told me it would probably be a  
bitter fight," said the man who had  
just been to see a lawyer.  
"But he convinced himself of the  
justice of your cause," suggested his  
wife.  
"Well, no, not right away," replied  
the prospective litigant. "He first con-  
vinced himself that I had money  
enough to make the fight."—Chicago  
Post.

## Before the Ark.

Noah's ark is generally supposed to  
be the earliest ship of which we have  
record, but there exist paintings of  
Egyptian vessels immensely older than  
the date, 2840 B. C., usually assigned  
to the ark, being, indeed, probably be-  
tween seventy and eighty centuries old.  
Moreover, there are now in existence  
in Egypt boats which were built about  
the period the ark was constructed.

## HEALTH BOARD MEETING

Work of Health Officer Commended.  
New Ordinance Proposed.

The board of health met in the council chamber last evening. All the members were present except Dr. B. R. Parke, the president. The work of the health official, Dr. D. C. Tarr, was commended. Dr. Tarr has been quite vigilant and careful in attention to the city's sanitary needs.

People generally have observed his mandates. The board has a list of local health rules in the hands of the printer, and a thousand copies will be issued in pamphlet form for free distribution. Consideration of a new health ordinance occupied the attention of the board. It will be presented at the council next Monday evening.

## WILCOX-WELLS

Pastor of M. P. Church and a Michigan Young Lady Married Last Evening.

The wedding of Lemoine C. Wells, pastor of the Methodist Protestant church of Wellsville, and Miss Florence Mae Wilcox, of Adrian, Mich., took place last evening at 7 o'clock. The ceremony was solemnized in the First Methodist Protestant church, of Adrian, Rev. W. Wells, of West Lafayette, O., father of the groom, assisted by Rev. Banker, the bride's pastor, officiating. After an extended wedding tour Mr. and Mrs. Wells will reside in Wellsville.

## Site For New Church.

Rain interfered with the congregational meeting of the United Presbyterian church last evening. The trustees were present to make their report on the new church building and contemplated purchase of a lot, but did not take the matter up. It will be disposed of at the close of the special church service tomorrow evening. The trustees will recommend the purchase of a 60-foot lot owned by John Catlett on Eighth street at \$1,800.

## Insane Delusions.

Zim Whitacre, who was arrested for peculiar conduct and thought to be demented Saturday evening, is insane and has not rallied from his malady. He imagines that he is being pursued by wild animals that have escaped from a circus. He was demented once before and will probably be taken before the probate court where an inquest will be held.

## Water Trustees' Decision.

At a meeting of the water works trustees it was decided to proceed at once with tests in drawing water by gravel filtration from the river and if that method does not result in clear, wholesome water, for the city to construct another reservoir, filtering the water from one basin to the other.

## Meat and Milk Inspector.

The board of health decided last evening to create the position of meat and milk inspector. As it will require a person of some scientific attainments the salary will not be small. The appointment has not been made as the board has not completely outlined the inspector's duties.

## Appraisement Board's Met.

The various appraisement boards appointed at the last meeting of council to assess benefits on the various streets that are being paved, met last evening in the council chamber to prepare their reports for the next meeting of the council.

## He Remembered.

At a public dinner in New York one night the statement was made that the colored race had longer memories than white folk. Mark Twain, who was present, agreed with the remark and to prove it told the following:

"Some years ago when south I met an old colored man who claimed to have known George Washington. I asked him if he was in the boat when General Washington crossed the Delaware, and he instantly replied, 'Lor, massa, I steered dat boat.'"

"Well," said I, "do you remember when George took the back at the cherry tree?"

"He looked worried for a minute and then, with a beaming smile, said: 'Why suah, massa, I dun drove dat back mahself.'"

## JUSTICE'S COURT BUSY

Squire Johnston Had a Number of Offenders to Deal With.

Squire Johnston's court at Chester presented a busy scene yesterday afternoon and evening on account of trouble arising over the Pittsburg picnic crowds. Four arrests were made.

James Fleming and Theodore Bailey, both of Pittsburg, were arrested in front of the home of John Spivey on First street. Fleming, it appears, had hurled a stone through a window of Spivey's house. Squire Johnston on hearing the evidence released Bailey, he being in no wise to blame in the matter. Fleming was given \$5 and costs and \$1 for using profanity in the court. He was committed to the county jail also for ten days, and was taken there this morning.

William Martin, a colored man, was arrested for throwing stones at the passing street cars and Squire Johnston gave him a dose of \$10 and costs and ten days in the county jail at New Cumberland. He was committed, and will be compelled to work the fine and ten days out on the streets of New Cumberland.

Another young man was arrested by the police in the evening, for disorderly conduct, but on consideration the officers let him go.

## ON JONES' TRAIL

Pennsylvania Company Detective Determined to Run Down the Pickpocket.

The Pennsylvania railway detectives are still prosecuting a search for Jones, the pickpocket, and say they will yet land him for the numerous offences he has been guilty of for pocket-picking among excursion throngs along their lines. Therefore the best men of the company's force have been put on his trail, and they have assured the New Cumberland authorities that they will soon again have him behind the bars.

## P. H. C. Officers Chosen.

## Pearls Before Swine.

The evening was advanced when a venerable squire of ancient name and lineage arose to propose a toast. Scarcely had he heard one more successful. He began modestly. "I feel," said the good man, "that for a plain country squire like myself to address a dignified body like the presidency of St. Andrews, including in its number various learned professors, is indeed to cast pearls before swine."

He had to pause long ere he got further. Thunderous applause broke forth. The swine cheered as if they would never leave off. We all knew perfectly what the laird meant. I was sitting next to him as he spoke the words. I heard them with these ears. "Twenty-five Years of St. Andrews."

TO LA BELLE VIEW PLAN OF LOTS AT

## Steubenville, Ohio, Saturday, June 28th

Take pen or pencil in hand at once, if you cannot call, and get in your request to either Pittsburg or Steubenville office of the

**DUQUESNE REALTY CO.**

for the pasteboards that will carry thousands to fortune on next Saturday.

We especially urge those who missed the first excursion to the great introductory sale on May 24th to get in NOW. Those who have already investigated La Belle View property will need no persuasion to influence them to come out again — they'll be the most eager buyers on the property!

Think of what your eyes will see at La Belle View now! Over 550 lots already sold and over 300 of them being improved as rapidly as their enthusiastic owners can push forward operations.

Beautiful new residences and modern business houses springing up on every side — some already completed!

Have you noticed the way prices have bounded upwards? The way first purchasers are hanging on to their goldmines — refusing 10, 15 and even as high as 25 per cent profit!

But Notwithstanding this enormous advance, the Company has decided to give those who missed the first excursion a second chance to get in on the ground floor, and have not raised the prices for the second sale except on fifty very fine Boulevard lots that were not staked or opened at last sale. On these fifty lots prices have been raised 10 per cent, but should have been raised 25 per cent, as investors who have bought the adjoining Boulevard lots are asking as high as 33 to 50 per cent advance.

La Belle View in its infancy is proving the greatest money-maker in modern real estate. What will the future bring for those who get in now! The most conservative conversant with real estate will tell you that this boom will over-reach all predicted bounds!

Come look at the towering giant industries the La Belle Steel Company is erecting! These alone will call more workmen to Steubenville than La Belle View plan of lots will hold homes for them to live in.

The National Steel Company will employ about 2,000 men in the billet and rod mills; the Pope Tinplate Works will start with 800 men, and increase to double this number in the next fourteen months; the La Belle Steel Works employ 2,100 men at present at their new open hearth furnaces and at the new tube mills. When completed this industry alone will give employment to 6,000 men.

It is estimated that the army of workmen in Steubenville and vicinity will be increased to 15,000 and that in less than ten years there will be a compact commercial metropolis of more than 50,000 souls, built up solidly with no vacant land intervening.

## ACTS OF CRUELTY AT GIRLS' HOME

DAMAGING TESTIMONY ABOUT STATE INSTITUTION.

Girl Died in a Strait Jacket For Refusing to Work When

Columbus, June 26.—(Special)—The hearing to investigate the charges of cruelty made against Captain Stiles, superintendent of the Girls' Industrial home was resumed yesterday at the office of the state board of charities. The testimony was very damaging to Stiles. Joseph P. Byers, secretary of the board, who made an inquisitorial visitation to the institution, criticized the superintendent on his failure to enforce proper discipline. He regarded as barbarous the methods of punishment used at the home.

It developed that Nora Ferris, the girl who died in a strait jacket at the home, had been subjected to severe punishment. She was tied up to an iron bar, with her hands strapped behind her and in this position she was found dead. She had occupied the "strong room" for four days and was tied in bed. One of the matrons testified that she had remonstrated with the officials against the form of punishment meted out to the girl. She was punished because she refused to work. The testimony showed that she was ill at the time. The autopsy revealed that she had a weak heart. The officials claim she feigned illness.

The evidence of the first day was decidedly damaging to Superintendent Stiles. The investigation was ordered by the legislature, and will not be completed for some time yet.

### BRIDLE ON CORPORATIONS.

House Amendment on Philippine Bill Would Prevent Combines.

Washington, June 26.—The Philippine civil government bill was thrown open to amendment in the house yesterday. Very slow progress was made, only 15 of the 50 pages of the bill being completed. By an amendment offered by Mr. Bartlett, of Georgia, cases involving the construction of the constitution can be appealed from the supreme court of the islands to the supreme court of the United States, and by one offered by Mr. Littlefield, of Maine, one corporation in the islands is prohibited from holding stock in another. These were the only amendments of importance adopted.

The earlier portion of the day was devoted to consideration of conference reports on the sundry civil, army and navy appropriation bills. The house adopted a proposition agreeable to the senate with reference to the disputed items in the army bill, and by a vote of 63 to 95 refused to agree to the senate amendments to the naval bill providing for five submarine torpedo boats.

The tournament promises to attract great interest.

### Tree That Turns to Stone.

There is a tree that grows in Mexico called the "chijol," or stone tree. It is of enormous proportions, both in circumference and height. It has a number of branches spreading out widely and carrying leaves of a yellowish green color. The wood is extremely fine and easily worked in a green state. It is not given to either warping or splitting. The most remarkable thing about it is that after being cut the wood gets gradually harder, and in the course of a few years it is absolutely petrified, whether left in the open air or buried in the ground. From this timber houses can be built that would in a few years become completely fire-proof and would last as long as though built of stone.

## THE DEALINGS DECLINED.

Fell to Low Level of the Year on Wednesday.

New York, June 26.—The dealings in stock fell to near the low level of activity of the year again yesterday. The movement of prices was narrow and irregular. For the principal active stocks there was a good support and the undertone of the market was rather firm, but there was no disposition to buy in view of the uncertainty hanging over the market. There was a fairly general upward movement in the early dealings, which probably came from bear traders who sold short Tuesday evening on the apprehension that King Edward's illness might terminate fatally over night. There was nothing in the news of the day to account for a rise in

prices of stocks. The crop news was rather neutral. Traders who bought heading professed confidence that the strike was breaking up and they had news of some further returns to work by strikers, but there was nothing like a general demand for the coals. Colorado Fuel was moved up 3 1/4 points on account of the session of the directors to take action on the dividend, but the gain was entirely wiped out without any news reaching the public to account either for the rise or reaction. A late advance in St. Paul made the closing steady, but very dull.

There was little doing in bonds and the market was irregular. Total sales, par value, \$2,015,000. United States bonds were all unchanged on the last call.

Her escape from instant death was considered miraculous.

## WEDDINGS ARE MANY

Three This Week In the Same Neighborhood—Bertele-Ware Nuptials.

There have been three weddings on Sixth street only a few doors apart in the present week. Still there is another to chronicle.

The marriage of Miss Fannie Bertele, of this city, and Mr. Loren C. Ware, of Salineville, took place at the home of the bride's parents, Mr. and Mrs. A. E. Bertele. The ceremony was performed at 3:30 o'clock yesterday by Rev. J. W. Gorrell, in the presence of the families and intimate friends of the young people. The bride wore a handsome gown of silk laced down over pink rose applique and draped with white satin ribbon. Misses Maude Steele, an aunt of the bride,

## BLOODY FIGHT UPON A TRAIN

Woman Excursionist Got a Stab Intended for a Male Fighter.

## TRYING TO MAKE PEACE

She Got a Serious Wound—Drunken Excursionists Caused a Reign of Terror in a Railroad Car—Officers Unsuccessful in Restoring Quiet.

A general, fierce and bloody fight took place last night on the second section of the Pittsburgh excursion train as it was about to leave Chester. The participants were all drunk, and soon a general melee started, many engaging in fist fights.

One of the women who was attempting to separate two of the combatants received a bad knife wound in the breast, the knife cutting a terrible gash.

The stab was intended for one of the men fighting and she being directly in the way received the thrust. A physician, who accompanied the excursionists, dressed the wound.

The Chester officers and Detectives Reeves, Johnson and Jester, of

the railway company, entered the car and tried to quell the fighters, but did not succeed before the train left Chester. The detectives said they would arrest all parties concerned when they arrived in Pittsburgh. The car presented a bloody appearance.

## CHAS. ROSS' WOUNDS PROVED TO BE FATAL

YOUNG MAN THE VICTIM OF ACCIDENTAL SHOOTING.

The Bullet Through the Liver Caused Death Early Last Evening.

Charles Ross, aged 18, died at the home of his mother, Mrs. Charles Hayes, in Calhoun's addition at about 5 o'clock last evening, death being caused by an accidental gun shot wound received last week while he and a companion were examining a revolver.

Dr. Marshall, who, with others, performed an operation upon the young man, stated that his death was caused by the bullet penetrating the liver. No autopsy was performed. The funeral services will be held Saturday, it is thought, although definite arrangements were not completed this morning.

## DRUNKEN FIGHTS

And Disgraceful Conduct Characterized an Excursion Crowd Yesterday.

The picnic given in the name of the Hancock public school of Pittsburgh, brought to Chester and East Liverpool one of the most disorderly crowds of the season and the authorities were kept busy suppressing fights and disorder in the two towns. Numbers of females and their besotted male companions visited the saloons of East Liverpool, and a number of fights resulted. The language used on the street cars and thoroughfares, and the

## EXPLOSION CAUSED FIRE

## T. H. JONES BADLY BURNED

While Trying to Extinguish the Flames in Burning Tailor Shop.

## CAME NEAR SUFFOCATION

As a result of a fire in the Ikirt building, 206 Sixth street, yesterday afternoon at 5 o'clock, Jones & Bailey, proprietors of the tailoring establishment located in the upper side of the building, suffered a loss amounting to over \$600, and T. H. Jones, the senior member of the firm, received painful injuries.

The fire was caused by spontaneous combustion and originated at the rear of the building in what is called the dry room. A large quantity of pressed clothing had been placed in the room and the gasoline lighted for the purpose of drying them. Having done likewise on numerous occasions the proprietors were very much surprised when they heard the explosion.

Mr. Jones rushed into the room and endeavored to extinguish the flames but was unsuccessful. While groping through the room, filled with smoke, he came in contact with the blaze. His face was painfully burned and he was almost suffocated when he emerged on the street.

In a very short time the firemen responded to the alarm and as quickly they had the fire under control. The

He has improved in all respects. His constitutional condition is quite favorable and the state of his wound also satisfactory."

condition of many of these women was disgusting in the extreme. Especially was this so when they were boarding their trains at the park. Drunken men and women were assisted to the train, while many of their companions yelled in drunken glee.

The crowd within the park, however, was very orderly, and only those who came over to East Liverpool, and they were many, cast any disgrace on the event.

Two of the Pittsburgh excursionists who got on a load of East Liverpool tanglefoot were put off a Rock Springs car near the west end of the bridge last evening for refusing to pay fare. They started to walk over, and again refused to pay toll to Bridge Officer Paulley. One of them became quite abusive and applied vile epithets to the officer who finally took the offender by the coat collar and told him he would give him a free ride. He produced the toll and was given his freedom.

The affair has caused great excitement in the neighborhood and there is much fear of an epidemic of rabies.

## RECEPTION AND MUSICALS

Delightful Affair at J. T. Croxall's Home in Honor of Mrs. Sinclair.

One of the most pleasant social functions of the season took place last evening at the home of Mr. and Mrs. Thos. J. Croxall, on Carolina avenue, Chester. It had been the intention to give the reception on the lawn, but the weather interfered.

The reception was given in honor of Mrs. Sinclair, of Hanoverton, and about 60 friends of the hostess and guest were in attendance.

Mrs. Croxall, assisted by Miss Laura Geon, received. The parlors were tastefully decorated with palms and cut flowers.

Among the most pleasing features of the evening were a piano solo, by Elizabeth Hamill; vocal solo, Miss Margaret Hamill; recitation, Miss Laura Geon; vocal solo, Mr. Blunt; vocal solo, Mrs. G. R. Ahrendts; recitation, Miss Frances Aldrich; piano solo, Miss Mayme Geon; vocal solo, Ed. McIntosh; recitation, Jas. Haldeman, piano solo, Miss Lucy Bacher.

## TWO MEN AND A WOMAN

Hauled to the City Jail for Drunkenness and Disorder.

While drunk and hilarious Richard Walker and his wife and Frank Fireisen were arrested last evening by Officers Morris and Woods and quickly landed in the city jail by the aid of the patrol. They had been drinking throughout the day and were enjoying themselves with a gang of Pittsburgh excursionists. After the excursion train left the city they repaired to the home of Walker on lower Sixth street and it is said that in a very short time they had the neighbors running in fear. Walker and his spouse have darkened the mayor's sanctum upon several occasions.

Fireisen was given \$2 and costs, and the hearing of Walker and his wife was postponed until the return of Mayor Davidson from Lisbon.

## A Closely Played Game.

The O. N. J. baseball team defeated the Third street Athletic club yesterday afternoon, in a closely played and interesting game, by a score of 13 to 12. The feature of the game was the marvelous pitching of Wolf, who struck out 17 men. The batteries were Wolf and Carroll; Smith and O'Brien.

## Travis and Hammerstein Settle.

Lisbon, June 26.—(Special)—The case of G. Y. Travis against H. H. C. Hammerston has been settled. Justice Rose, of East Liverpool, gave Travis a judgment for \$63.50 on a note. An order of sale for the defendant's personal property was issued. Hammerston appealed to the common pleas court.

## WITH THE OPERATIVES AND MANUFACTURERS

The first sessions of the joint conference between representatives of the National Brotherhood of Operative potters and those of the Western Manufacturing Potters' association, are now matters of history. For ten hours yesterday these fourteen gentlemen in the rooms of the Potters' club on Fifth street, met in conclave to discuss the revision of the uniform wage scale, and shortly after 10 o'clock last evening an adjournment was taken. No more sessions of these committees will be held until the matter has been talked over in the locals. The two sessions, that of yesterday afternoon and evening, were quite harmonious.

It has been stated, and upon the most reliable authority, that the committee representing the manufacturers presented their communication which was in answer to that which was received some time ago from Secretary Duffy, with the announcement that it was the best the manufacturers could do under the present condition of affairs, and that it was the desire of the manufacturers of the west to allow the old uniform list to remain in force, as was done during the past year.

However, both representatives agreed to talk over the scale as drafted by the secretary of the Brotherhood, and the main discussion throughout the two sessions was on that part which pertained to the contract system, which was desired abolished by the operatives, and that all workmen receive their money direct from the office. Manufacturers seen today say they could not abolish the system, but further than this no views could be obtained on the particular subject.

However, it is stated that a few minor concessions were made by the manufacturers, which were in substance as follows: The manufacturers were asked to

permit no kiln drawing between the hours of 8 p. m., and 5 a. m., and all work done between these hours be paid for at the rate of time and one-half. It was the desire of the conference not to pay any extra money for this work, but it was agreed that no drawing should be done after 8 o'clock in the evening or before 5 o'clock in the morning.

Another matter that was sanctioned was the adoption of a uniform scale for grinding and polishing. There are but few plants in the city where this work is done, and a committee from the warehousemen's local is to be appointed to prepare or draft a scale that will be satisfactory to this branch of the trade.

It was also agreed that jiggermen should be paid one-half cent extra on all hotel and rolled edge plates; one-fourth cent extra on all hotel and rolled edge saucers, fruits and ice creams.

This information, which was obtained from a source that is considered most reliable, states this is all that was accomplished at the joint conference.

National President A. S. Hughes, when seen at Brotherhood headquarters this morning, had very little to say regarding the outcome of the conference. He would not confirm the report that some work had been accomplished, and could not say that other joint sessions would be held, stating that such a matter would be governed entirely by circumstances.

National Secretary T. J. Duffy said: "The action of the conference will be submitted to the trade, communications being sent out today. It rests with the locals as to what will be done in the future. Further than this there is nothing to be said on the matter whatever, just at this time."

## EAST END

## CRASHED THROUGH ROOF

A Large Maple Tree Fell on the Park Pavilion During the Storm.

Had the day been a pleasant one there is every reason to believe that a number of persons would have been seriously injured at Columbian park yesterday afternoon between 5 and 6 o'clock. At 12 was several hundred dollars worth of damage was done the dancing pavilion.

During the rain yesterday afternoon a large maple tree standing north of the pavilion fell and crashed through the roof of the building. Luckily there was not one about the building at the time. The roof of the building was badly damaged but a force of workmen are to be put on at once, making the necessary repairs, in order that the pavilion will be ready for use commencing next Tuesday morning.

## SIX MINUTE SCHEDULE

On the Street Railway to the East End May Go Into Effect Saturday.

Superintendent Thomas Reed, of the East Liverpool Street Railway, this morning stated that if it could be possibly done a six-minute schedule would be adopted on the road between the East End and the Diamond, commencing next Saturday evening. It may be that the improvements to the road will not be completed by that time, and if not the new schedule will not be commenced until early next week.

A force of men today made a long needed improvement to the Second street switch, and when this work is finished attention will be devoted to the completing of the switch on Ohio avenue. The new six minute schedule will be put in effect during the busy hours of the day.

## SEWER PIPE PLANT

Inspected by High Officials—Getting Its Share of Business.

Several high officials of the American Sewer Pipe company were in the East End today, the guests of General District Superintendent Thomas F. Anderson. While there they made a thorough inspection of the East End plant. It is intimated that the sewer pipe company is throwing as much as possible of its business to those plants with modern equipment.

The East End plant has been receiving its share of the large orders, and now that the power capacity of the plant has been increased it is likely still larger business will be offered the plant.

## MORE MAIIS NEEDED

Railway Mail Service Official Will Recommend Two Mails for Chester Daily.

James McConnell, of Pittsburg, chief clerk of the railway mail service in this district, was in the city yesterday in conference with Postmaster Surles, of East Liverpool, and Postmaster Rose and others, of Chester, in regard to the betterment of the service between Mercer (Chester) and East Liverpool.

It was found that the former town had but one mail per day each way, and after solicitation by numerous citizens, Mr. McConnell came on to look into the matter. In speaking about a change last night the chief clerk said that he saw at a glance that two mails per day were absolutely necessary between these points, and will undoubtedly recommend such an improvement to the postoffice department in Washington.

Mr. McConnell left for Salineville last night, where he will look into other postal affairs that need attention.

## The Hairpin in Surgery.

The hairpin as a surgical instrument is treated quite seriously by a physician who, writing in a technical journal, names fifteen different ways in which it may be used in an emergency to ease pain or even to save life. For example, it might serve as a probe, as a surgical needle, in place of a drainage tube, to remove foreign bodies, to compress a blood vessel or to close a wound.

"One hair of a woman can draw more than a hundred pair of oxen," wrote old James Howell almost three centuries ago. It may be that some of the virtue of the hair goes into the pin.

## PATTISON IS NAMED.

Chosen by Pennsylvania Democrats as Their Gubernatorial Candidate.

## PHILADELPHIANS WALKED OUT

Left Convention After Kerr Lost Guthrie For Lieutenant Governor. Nolan For Secretary of Internal Affairs—29 Philadelphia Delegates.

Lie, Pa., June 26.—For the third time in 20 years ex-Governor Robert E. Pattison, of Philadelphia, was nominated for governor of Pennsylvania yesterday by the Democratic state convention. George W. Guthrie, of Pittsburg, was the unanimous choice of the convention for lieutenant governor. James Nolan, of Reading, was nominated by acclamation for secretary of internal affairs. The platform makes no reference to national questions, which indicates that the campaign will be made strictly on state issues.

Pattison was first nominated at Harrisburg in 1882. He was nominated again at Scranton in 1890. Both times he was elected. His most formidable rival in yesterday's convention was ex-Congressman James Kerr, of Clearfield, who was chairman of the Democratic state committee in Pattison's second campaign.

Pattison appeared before the convention and made a brief speech of acceptance.

## Philadelphia Contest Hottest.

The real contest in the convention on the question of the representation from Philadelphia. Sixty delegates were elected, but State Chairman William T. Creasy ruled that county was entitled to only 29. The chairman's ruling was sustained by the credentials committee and also by the convention. During the debate on this question the spectators in the galleries interrupted John M. Garman, of Luzerne, with hisses and jeers. The police were called in by the sergeant-at-arms to restore order. All the Philadelphia delegates voted for Kerr, and left the hall after Pattison's nomination. The convention was held in the Park opera house.

The committee on permanent organization suggested Robert E. Wright, of Alentown, for permanent chairman. He was elected by acclamation.

EX-GOVERNOR R. E. PATTISON.

mation and in accepting made a speech.

John B. Keenan, of Westmoreland, presented the report of the credentials committee, which decided the contests in the Fifth and Sixth Luzerne districts, the First Schuylkill district and the Twentieth Philadelphia district in favor of sitting delegates. The contest from the Twentieth Philadelphia district was decided in favor of the contestant, Eugene D. Borniwell. Mr. Keenan also reported that a motion brought before the committee to grant a representation of 60 delegates to Philadelphia was decided in the negative.

A minority report was presented by ex-Judge James Gay Gordon, of Philadelphia, in the form of a resolution that Philadelphia be accorded a representation of 60 delegates. Mr. Gordon said that at the last election in Philadelphia county, acting under the leadership of National Committeeman Guffey, State Chairman Creasy and ex-Governor Pattison, former chairman of the Philadelphia city committee, 102,000 votes were cast for the Democratic state candidates, Coray and Yerkes. This was the largest Democratic vote ever cast in Philadelphia for any Democratic candidate for any office since Philadelphia has been in existence.

## Punished For Doing as Directed.

Because the Democrats cast this number of votes by voting for Democratic state candidates on the Union ticket, Chairman Creasy, under whom they acted, has said that we shall be punished, continued Mr. Gordon, by having only 29 representatives in the convention. In 1900 the Philadelphia Democrats polled 61,000 votes for Bryan, and on that vote they would be entitled to 60 delegates. They do not claim representation on the vote cast for the Democratic state nominees last November. They were willing to concede that the vote for Bryan was a fair and reasonable representation. Mr. Gordon warned the convention that a Democratic governor could not be elected this year without the full votes for the Democratic state ticket last November and the independent vote of Philadelphia and Allegheny counties.

William Lesher, of Northumberland, advocated the adoption of the majority. Mr. Garman, speaking in fa-

## Overheated Blood.

For this reason the most popular summer remedy is BLOOD WINE, which keeps the circulation normal, aids the digestive organs, and tones up the whole system. For sale by Will Reed, Hodson's Drugstore.

vor of this report, denounced the Philadelphia Democrats for alleged party treachery. His remarks were received with jeers and hisses, mingled with cheers from the galleries. The din was so great he could scarcely be heard. Chairman Wright called upon the sergeant-at-arms to restore order and several policemen were stationed about the galleries.

Mr. Garman said Philadelphia ought not to have more than 29 delegates in the convention and that it was a question whether or not the Democrats of that county should not be kicked out of the Democratic convention. If they want a large representation in the convention let them vote the straight Democratic ticket and not a hybrid Republican ticket.

## Daly Replied to Garman.

J. Burwood Daly, of Philadelphia, replying to Mr. Garman, said he was the only Democrat in the state who ever took the action of a Democratic convention into court to destroy the action of that convention. He declared that the Philadelphia Democrats have justly earned the right to 60 delegates in the convention and that Messrs. Guffey, Creasy and Pattison promised that if they voted the Union ticket last November they should be guaranteed party regularity.

This closed the discussion and the majority report of the committee was

GEORGE W. GUTHRIE.

adopted by a vote of 220 to 94.

Ex-Judge Edwin M. Harvey, of Lehigh, reported from the resolutions committee the platform, which was adopted.

The roll was then called for the nomination of candidates for governor. Pattison's name was presented by Colonel Frank J. Fitzsimmons, of Lackawanna.

The nomination was seconded by Isaac Heister, of Berks. David F. Fertney nominated Colonel John A. Woodward, of Centre.

Charles A. Fagan, of Pittsburg, nominated George W. Guthrie.

Kerr's name was presented by ex-Judge Gordon.

The nomination was seconded by ex-Judge David L. Krebs, of Clearfield.

The nominations closed. Mr. Pattison was nominated on the first ballot. The vote by counties follows:

The Life Plant Co., Canton, Ohio.

Gentlemen:—Three years ago I was very sick; had no ambition whatever and was run down until I was miserable. I heard of Life Plant and decided to try it. Took two bottles of the medicine and it cured me. I had so much faith in it then that I advised many of my friends to try it. They did so with excellent results in every case. I could name many who have been cured of different troubles by Life Plant. One in particular was cured entirely of catarrh and many others were cured of different diseases. I consider it the best medicine for all blood diseases, General Debility, Asthma, Stomach Trouble, etc., that is made, and advise all who are suffering from such troubles to take Life Plant. I am never without Life Plant and take it at intervals as a tonic. Life Plant is the best medicine I have ever taken.

Yours respectfully,

## THE KING IMPROVED.

Physicians Cautiously Gave  
First Words of Hope  
Last Night.

## AN OUTLOOK FOR RECOVERY.

Lord De Grey, Who Has Admittance  
to the Palace, Expressed Himself  
in Hopeful Manner—Prayer Services to Be Held in Churches Today.

London, June 26.—King Edward's condition last night was even more satisfactory than had been indicated by the last bulletin. He had made a decided improvement and the feeling at Buckingham palace was very hopeful. His majesty was able to take nourishment. He had scrambled eggs and a little hock and soda last evening and with his own hands he opened several telegrams.

The bulletin issued at 11 o'clock last night was regarded as intensely satisfactory. This bulletin was generally taken as being the first occasion upon which the king's doctors had allowed themselves to express, even to a small degree, the hopeful feelings they undoubtedly, even though privately, entertained. Thirty-six hours had elapsed since the operation was performed, and the absence of complication created hopefulness in all quarters, although, as had been frequently said in these dispatches, several days must pass before the possibility of danger can be eliminated.

## People in a Quiet Mood.

Notwithstanding the fact that it was the eve of the intended coronation day, and that London was even more crowded with people than it was Tuesday, the scenes witnessed on the streets last night were marked in pleasant contrast with those of Tuesday evening. The reckless rejoicing which was then so disgracefully prominent was quite unheard of last night. Traffic pursued its way unimpeded, and even the most popular thoroughfares were comparatively deserted. No illuminations dispelled the natural gloom which settled over the metropolis. The moon failed to penetrate the darkness over the city and a rather cold wind was blowing.

Quiet and depressed, the crowd waited outside Buckingham palace for the night's final news of the sovereign. For several hours they kept their patient vigil, wandering aimlessly, but with palpable anxiety, over the open space which fronts the royal residence. For some reason or another, a feeling pervaded the crowds that if the king lived until last night he would live to be crowned.

## All Quiet Within the Palace.

Inside the palace all was quiet. Queen Alexandra, who had been in the vicinity of the sick room the entire day, dined with a few members of the royal family. The callers who came to the palace in the course of the evening, contented themselves with driving up to the outer gates, where they alighted and walked in to inquire at the equerries' entrance for the latest news. There they met only liveried servants and small knots of reporters. With the exception of these callers and the noblemen who have the entrée to the court, everybody was rigidly excluded from the palace by the police. Lord Grey, a director of

the British South Africa company, and who recently visited the United States, is among those having entrée to the court. He said to a representative of the Associated Press last night that he had good hope for the

requires physical and mental ability of a high degree to withstand its hard labors. The high tension to which the nervous system is constantly subjected, has a depressing effect, and soon headache, backache, neuralgia, rheumatism, sciatica, etc., develop in severe form. Such was the case of Mail Carrier S. F. Sweinhart, of Huntsville, Ala., he says:

"An attack of pneumonia left me with muscular rheumatism, headache, and pains that seemed to be all over me. I was scarcely able to move for about a month when I decided to give  
**Dr. Miles' Pain Plasters**

king's recovery, and that he was sure that every Englishman was deeply touched with the sympathy of the United States in the present calamity.

## What He Expected From Americans.

"Although," Lord Grey added, "such kind expressions of feeling are only what I should expect after my recent pleasant experience of American hospitality."

Today has been officially appointed a day of intercession for the king and in every parish church in the United Kingdom special intercessory services will be held. Catholics, non-Conformists, Jews, Salvationists and other religious bodies are all arranging special prayers, while in the camps of the colonial and other visiting troops, be they Mohammedans, sun worshippers, Brahmins or Fire or Fetish worshippers, whether from China, Borneo, Fiji, Central Africa or Hindustan, or from the Indian reservations of Canada, the usual hour for prayers finds them supplicating their deity in behalf of the king.

Sir Frederick Treves, Sir Francis H. Laking and Sir Thomas Barlow were again spending the night within Buckingham palace and they had arranged for Sir Joseph Lister to join them in consultation this morning.

## AMERICAN SYMPATHY.

## President Says We Watch King's Sick Bed With Deepest Concern.

Cambridge, Mass., June 26.—In opening his address at the Harvard commencement dinner yesterday afternoon President Roosevelt said: "Let me speak for all Americans today when I say that we watch with the deepest concern and sympathy the sick bed of the English king, and that all Americans in tendering their hearty sympathy to the people of Great Britain now remember keenly the outburst of genuine grief with which all England last fall greeted the calamity that befell us in the death of President McKinley."

## BIDDLE REWARD DIVIDED.

Butler County, Pa., Officials Get \$2,400.  
Most of Rest to Pittsburgers.

Pittsburg, June 26.—A conference took place yesterday at the office of the county commissioners in the matter of the division of the \$5,000 reward for the capture of the Biddle brothers in Butler county. Attorneys Christley and W. Z. Murrin, of Butler, arrived in the city yesterday morning and met the representatives of the Pittsburg detectives and other claimants of the reward at the court house.

By the terms of the agreement reached \$2,400 of the amount goes to the Butler county people and \$2,550 to the Pittsburg detectives, while J. G. Splane, of Pittsburg, and John Gregory, of Cooperstown, who had charge of the National Transit company wires and gave information leading to the capture, are to divide the remaining \$250.

John H. Nicholson, aged 47, president of the State National bank, Boulder, Col., died suddenly at his summer home at San Diego, Cal. He was a former resident of Steubenville.

## Chronic Diarrhoea.

This disease is generally regarded as incurable, mainly for the reason that the remedies usually employed are ineffectual. That it can be cured, however, has been fully proven in many cases. The following tells of one of them: Mr. T. W. Greathouse, of Prattsburgh, Ga., says: "I had been suffering from chronic diarrhoea for seven years. Last year I began taking Chamberlain's Colic, Cholera and Diarrhoea Remedy, and it has entirely cured me. I had spent lots of money for doctors' medicine in the run of the seven years. If it had not been for this remedy I would have been dead now, and I feel that I can never say too much in its favor or recommend it too highly." Sold by Alvin H. Bulger, Druggist.

Many are fond of Tapico, but dislike the trouble of soaking it. Use Mrs. Austin's Quick Lunch Tapico. No soaking.

## Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia and liver troubles, that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual costiveness, nervous dyspepsia, headaches, dispondent feelings, sleeplessness—in fact any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try one bottle first. We have never known of it failing. If so something more serious is the matter with you. Ask your oldest druggist.

## A Brilliant Musician.

The Cleveland Plain Dealer published the following: "A very pleasant musicale was given Monday evening by Miss Goldie Weaver, of East Liverpool, formerly of this city, at the home of Mr. and Mrs. John Clegg, No. 78 Percival street. The program was so agreeably rendered that every member was repeatedly encored. Miss Weaver has been studying in the New England Conservatory of Music, Boston. She plays with remarkable brilliancy and is a promising student."

## CRASH!!

Goes the crockery and the waitress will probably be called clumsy and careless. Her plea of sudden dizziness is not allowed. "What right has she to be dizzy?" they ask. Women who are suffering from diseases peculiarly feminine are liable to sudden dizziness and faintness, and it is only by curing the womanly diseases to which they are subject that dizziness and other ills can be entirely relieved.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It cures irregularity, dries disagreeable, weakening drains, heals inflammation and ulceration, and cures female weakness. When these conditions are cured, backache, headache, dizziness, etc., are also cured.

"I suffered for twelve years with female trouble," writes Mrs. Milton Grimes, of Adair, Adair Co., Iowa, "which brought on other diseases—heart trouble, bright's disease, and at times would be nearly paralyzed. Had neuralgia of stomach. I can freely say your medicine (nine bottles in all, five of 'Favorite Prescription,' four of 'Golden Medical Discovery,' and two of Dr. Pierce's Pellets), have cured me. I can work with comfort now, but before I would be tired all the time and have a dizzy headache, and my nerves would be all unstrung so I could not sleep. Now I can sleep and do a big day's work, something I had not done for over seven years before."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Doctor Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

## Notice to Republicans.

Notice is hereby given to the Republican  
electors of the Eighteenth Congressional  
District of Ohio, that a delegate convention  
to place in nomination a candidate for  
Representative to Congress will be held at  
Salem, July 23, 1902.

at 11 o'clock, a. m.  
Delegates will be selected in the several  
counties composing said district on the  
basis of the Republican vote cast for Pres  
ident in 1900, viz: One Delegate for each 100  
votes and fraction thereof in excess of 50.

COLUMBIANA, 106 Delegates  
MAHONING, 86 Delegates  
STARK, 132 Delegates  
By Order of Congressional Committee.  
J. P. FAWCETT,  
E. H. TURNER,  
ED. A. KING,  
Committee.

At the November election next year,  
the people of Ohio will have four im  
portant propositions to decide. They  
are proposed constitutional amend  
ments which the last session of the leg  
islature provided should be submitted  
to a vote. The Ohio state board of  
commerce is already beginning a sys  
tematic campaign of education in fa  
vor of all of them. It is none too soon  
place the matter before the people and  
let them ponder the questions involv  
ed and make up their minds. As a  
contemporary remarks, the most of  
the amendments submitted to the peo  
ple fail at the polls, not because a ma  
jority of the voters cast their votes  
against them, but because, not under  
standing clearly what they propose,  
a very large number do not vote on  
them at all. As a constitutional  
amendment requires a majority of all  
the votes cast at the election in order  
to be adopted, all who fail to vote are  
counted against the proposition. The  
four amendments are as follows:  
First—To abolish the double liability  
of stockholders in business corpora  
tions. Second—To prepare the way  
for reforming our system of state and  
local taxation by classifying all sub  
jects of taxation, and applying a uni  
form rule to all subjects included in  
a class. Third—To invest the govern  
or with the power of veto. Fourth—  
To provide that each county shall  
have at least one representative in  
the general assembly.

The appointment of township road  
masters and the doing away of  
the old system—or lack of sys  
tem—in Stark county is said to  
have worked a wonderful improvement  
on the country highways of that sec  
tion. Two days' labor on the roads  
was done away with and the people  
pay road taxes instead of working.  
This puts a fund in the hands of the  
roadmasters that allows him to do  
more work and at the time when the  
roads need it. Under the old system  
the roads were worked in spots and  
generally very little judgment was  
used. Now each year in every town  
ship some improvements of a perma  
nent nature can be made. It is pre  
dicted that in a few years the roads of  
Stark county will be 50 per cent better  
than they are today. If the experi  
ment accomplishes this, its influence  
and example should be far-reaching. It  
is certainly time that the residents of  
the country districts began to study  
scientific road-making and put ap

proved methods into practice. Amer  
icans, so enterprising in all other di  
rections, are behind the age in this  
particular, but concerted effort to  
awaken them to a realization of their  
shortcomings is slowly but surely hav  
ing its effect.

Much as one may admire the in  
trepidity of scientists who have been  
looking into burning craters to add to  
their own and the world's information,  
a physician of Paris is undertaking an  
experiment fully as dangerous and far  
better calculated to add to useful  
knowledge. Prof. Koch some time ago  
asserted that it was impossible for a  
human being to contract tuberculosis  
from cattle. The Paris doctor disbe  
lieves this theory, and in the interests  
of science and at the risk of possible  
martyrdom, has had himself inoculated  
with tuberculosis from a cow, and will  
let the disease run its course and run  
the risk of being cured afterward. All  
the heroes do not perform their deeds  
on fields of battle.

The Pennsylvania Democrats did not  
mention Bryan or his famous plat  
form. But they were so busy roasting  
Mr. Quay and others that they came  
near forgetting everything else.

Tramps will keep out of Kansas.  
Farm help is so scarce out there that  
agriculturists are reported using shot  
guns to drive any stray hoboes they  
may find into the harvest field.

Probably the reason Mr. Bryan stay  
ed out of that Nebraska fusion move  
ment was that he is not prepared for  
another defeat so soon after his latest  
memorable one.

The Panama canal bill is moving  
along toward final adoption, and the  
great undertaking, talked of for a cen  
tury, will soon be under way.

Pattison, of Pennsylvania, evident  
ly fails to remember the old adage  
about the pitcher that goes frequently  
to the well.

The Democratic party is certainly  
in need of an arbitration board, but we  
pity the man who serves on that body.

### CASTRO'S MEN DEFEATED.

Tried to Take Venezuela Town, but  
Surrendered to Rebels.

Willenstad, Island of Curacao, June 26.—Advices received here from  
Venezuela, under date of June 20,  
said President Castro recently tried  
to occupy LaVela (on the gulf of  
Coro). He sent General Colmenares  
with a large force of troops to attack  
the town by sea, hoping that General  
Ayala would assist by land and catch  
the revolutionists who are there, com  
manded by General Riera, General  
Matos' first lieutenant, between two  
fires. But for unknown reasons there  
was no assistance by land and Gen  
eral Colmenares, after three hours'  
fighting, was compelled to re-embark  
his troops and abandon the attack.  
During the morning of June 20 Gen  
eral Riera left LaVela and with 1,500  
men attacked Coro, the capital of the  
state of Falcon, nine miles distant.  
After five hours' battle General Ayala,  
first vice president of the republic  
and commander of Castro's army, and  
General Telleria, president of the  
state of Falcon; 17 generals and 45  
colonels surrendered, with five guns  
and 1,682 men.

The moral effect of this victory was  
incalculable on all the country, as  
President Castro lately represented in  
bulletins that General Riera was fly  
ing with only 10 followers.

## Our Grape Phosphate

If there is one best drink at  
our fountain, and we think there  
is, the above is its name.  
To drink it is to praise it. We  
can not tell you how fine this  
Grape Phosphate really is.  
You must taste it, sip it, drink  
it slowly, to be able to fully ap  
preciate its qualities.  
It is made differently, served  
differently, and it tastes differ  
ently than any Grape Phosphate  
you have ever drunk.

## WHAT IS GOING ON IN THE POTTERIES

Special Correspondence.

Wheeling, June 26.—The decorating  
department of the Warwick pottery  
has been closed until after July 4. The  
clay department is still working, and  
when it stops will draw three weeks'  
pay.

John Devine, a dipper at the War  
wick, who is known to many in East  
Liverpool, will leave in a few days for  
Baltimore, where he will visit rela  
tives for several weeks, or until the  
plant resumes business.

T. J. Duffy, of East Liverpool, was  
in the city Sunday visiting friends.

Frank Wagner and wife spent their  
short vacation at Tiffin, where they  
are visiting relatives and friends. Mr.  
Wagner was formerly employed at  
East Liverpool, and worked for some  
time at Brunt's.

The employees of the Riverside pot  
tery have organized a sick and bene  
ficial society. Each member pays in  
25 cents each pay and if a member is  
ill he receives \$5 a week from the so  
ciety. At the end of each six months  
a dividend is declared, and the money  
left is equally divided among the sev  
eral members. A dividend of \$2.20  
has just been paid, although a number  
of sick claims have been granted dur  
ing the past few months.

Local No. 46 of Wheeling, at its last  
meeting, elected the following officers  
for the last six months of the present  
year: President, George Cusick; vice  
president, Andrew Baker; recording  
secretary, August Martin; financial  
secretary, J. J. Scholl; treasurer, Jas.  
Bradley; inspector, Charles Hebrank;  
inside guard, Patrick Crogan; trustee  
for 18 months, H. A. West. The new  
officers will take their seats at the  
next session, which will be held in  
July.

An attempt is being made by the  
members of local 46 of this city, to get  
the union label and then work in con  
junction with the plumbers, who are  
asking for the general use of their la  
bel all over the city.

George Newhardt, a well known  
presser of this city, has issued a chal  
lenge to box any East Liverpool pot  
ter at a weight of 135 pounds. New  
hardt is gaining quite a reputation as  
a boxer about Wheeling.

Andrew Schroder, a well known pres  
ser, met with an accident recently  
which is causing him much pain. He  
was moving some moulds and some of  
them fell on his left foot, mashing  
several toes.

A closet called the "top supply wash  
down," which is only made in the  
west at Wheeling, Tiffin and Kokomo,  
is something new. A number of large  
orders have been received at the Riv  
erside for this new shape.

Not very much time is being made  
at the LaBelle pottery, one of the  
general run-of-ware shops of Wheel  
ing. The pressers are working but  
half time. A new jumbo jigger has  
been placed in this shop, and all the  
ware possible is being made on it.

It is estimated that the fire which  
gusted the packing house of the Iron  
sides pottery at Bordentown, N. J.,  
late Monday night, did \$10,000 dam  
age to the stock alone. The damage  
to the building will amount to several  
thousand more. The loss is covered  
by insurance. The Bordentown fire  
department was unable to cope with  
the flames, but did good work in sav  
ing surrounding property. Several  
persons had narrow escapes from seri  
ous injury by falling walls. Amos  
Thorn, William Roberts, Frederick  
Barker and William Warlick, Jr., were  
slightly hurt.

Charles Rambo, a kiln drawer at  
the Dresden, met with a serious acci  
dent Monday. He was taking a sag  
ger from a bung when it broke, and  
some pieces fell on his left arm, sev  
ering an artery. He was taken to the  
office of a physician where five stiches  
were required to connect the cut  
flesh. Rambo worked for Edwin  
Veith and will be unable to work for  
several days.

The sagger makers on the new end  
at the Laughlin No. 3 will lose only  
two days as a result of the approach  
ing shut down. This will be on July  
4 and 5. The company is in need of  
many saggars, and as this will give  
the sagger makers a chance to in  
crease the stock of green saggars, a  
good supply can be obtained.

B. C. McCullough has resigned his  
position as kiln fireman at the Oliver  
plant at Sebring, and has gone to  
East Palestine where he has taken a  
similar position with the East Pale  
stine pottery company. His position  
at the Oliver will be looked after by  
William Hollingshead, who is well  
known in this city.

A charter was issued at the state  
department at Harrisburg to the Key  
stone Pottery company at New Brigh

ton, capital \$30,000. The directors  
are: Oliver Molter, Charles F. Kra  
mer, L. H. Blair, F. H. Walker, Wil  
liam Lloyd, H. C. Rigby and James C.  
Cowan.

Dish makers' local No. 29, has elect  
ed the following officers: President,  
James Heckathorn; vice president  
Everett Rose; recording secretary, H.  
O. Allison; financial secretary, J. S.  
Myler; statistician, James Hecka  
thorn; treasurer, Robert White.

William Devon, chief fireman at the  
D. E. McNicol pottery, went to  
Moundsville yesterday to attend the  
funeral of Monroe J. Timlin. He re  
turned to the city today.

William Herron, engineer at the  
Sevres pottery, is very ill at his home  
on Third street. He has been unable  
to work for several days.

### QUAY WAS SATISFIED.

Agreement Reached to Consider Ter  
ritories Bill Next Session.

Washington, June 26.—In a few  
minutes yesterday the senate dis  
posed for this session of the omnibus  
statehood question, which has been  
pending for several days. Mr. Bever  
idge, of Indiana, chairman of the  
committee on territories, announced  
that a report on the bill before the  
committee would be made on the third  
day of the next session. This was  
satisfactory to Mr. Quay, of Pennsylv  
ania, who, after securing an agree  
ment that the committee's report  
could be the unfinished business on  
and after the 10th of December un  
til it was disposed of, withdrew his  
motion to discharge the committee  
from further consideration of the  
measure. After Mr. McCumber, of  
North Dakota, had discussed the  
pending pure food bill, and Mr. Gal  
dinger, of New Hampshire, had de  
livered an extended argument to show  
that the present prosperity of the  
country was due to the operations of  
the Dingley tariff law, the senate  
took up the calendar and passed a  
large number of bills of minor im  
portance.

The conference report on the army  
appropriation bill was agreed to, thus  
passing that measure and eliminat  
ing the friction which has existed be  
tween the two houses over it.

### Ready to Take Hold.

"He told me it would probably be a  
bitter fight," said the man who had  
just been to see a lawyer.  
"But he convinced himself of the  
justice of your cause," suggested his  
wife.

"Well, no, not right away," replied  
the prospective litigant. "He first con  
vinced himself that I had money  
enough to make the fight."—Chicago  
Post.

### Before the Ark.

Noah's ark is generally supposed to  
be the earliest ship of which we have  
record, but there exist paintings of  
Egyptian vessels immensely older than  
the date, 2840 B. C., usually assigned  
to the ark, being, indeed, probably be  
tween seventy and eighty centuries old.  
Moreover, there are now in existence  
in Egypt boats which were built about  
the period the ark was constructed.

## HEALTH BOARD MEETING

Work of Health Officer Commended.  
New Ordinance Proposed.

The board of health met in the council chamber last evening. All the members were present except Dr. B. R. Parke, the president. The work of the health official, Dr. D. C. Tarr, was commended. Dr. Tarr has been quite vigilant and careful in attention to the city's sanitary needs.

People generally have observed his mandates. The board has a list of local health rules in the hands of the printer, and a thousand copies will be issued in pamphlet form for free distribution. Consideration of a new health ordinance occupied the attention of the board. It will be presented at the council next Monday evening.

## WILCOX-WELLS

Pastor of M. P. Church and a Michigan Young Lady Married Last Evening.

The wedding of Lemoine C. Wells, pastor of the Methodist Protestant church of Wellsville, and Miss Florence Mae Wilcox, of Adrian, Mich., took place last evening at 7 o'clock. After an extended wedding tour Mr. and Mrs. Wells will reside in Wellsville.

## Site For New Church.

Rain interfered with the congregational meeting of the United Presbyterian church last evening. The trustees were present to make their report on the new church building and contemplated purchase of a lot, but did not take the matter up. It will be disposed of at the close of the special church service tomorrow evening. The trustees will recommend the purchase of a 60-foot lot owned by John Catlett on Eighth street at \$1,800.

## Insane Delusions.

Zim Whitacre, who was arrested for peculiar conduct and thought to be demented Saturday evening, is insane and has not rallied from his malady. He imagines that he is being pursued by wild animals that have escaped from a circus. He was demented once before and will probably be taken before the probate court where an inquest will be held.

## Water Trustees' Decision.

At a meeting of the water works trustees it was decided to proceed at once with tests in drawing water by gravel filtration from the river and it that method does not result in clear, wholesome water, for the city to construct another reservoir, filtering the water from one basin to the other.

## Meat and Milk Inspector.

The board of health decided last evening to create the position of meat and milk inspector. As it will require a person of some scientific attainments the salary will not be small. The appointment has not been made as the board has not completely outlined the inspector's duties.

## Appraisal Boards Met.

The various appraisal boards appointed at the last meeting of council to assess benefits on the various streets that are being paved, met last evening in the council chamber to prepare their reports for the next meeting of the council.

## He Remembered.

At a public dinner in New York one night the statement was made that the colored race had longer memories than white folk. Mark Twain, who was present, agreed with the remark and to prove it told the following:

"Some years ago when south I met an old colored man who claimed to have known George Washington. I asked him if he was in the boat when General Washington crossed the Delaware, and he instantly replied, 'Del.' 'massa, I steered dat boat.'"

"Well," said I, "do you remember when George took the hack at the cherry tree?"

"He looked worried for a minute and then, with a beaming smile, said: 'Why suah, massa, I dun drove dat hack mahself.'"

## JUSTICE'S COURT BUSY

Squire Johnson Had a Number of Offenders to Deal With.

Squire Johnson's court at Chester presented a busy scene yesterday afternoon and evening on account of trouble arising over the Pittsburg picnic crowds. Four arrests were made.

James Fleming and Theodore Bailey, both of Pittsburg, were arrested in front of the home of John Spivey on First street. Fleming, it appears, had hurled a stone through a window of Spivey's house. Squire Johnson on hearing the evidence released Bailey.

He being in no wise to blame in the matter. Fleming was given \$5 and costs and \$1 for using profanity in the court. He was committed to the county jail also for ten days, and was taken there this morning.

William Martin, a colored man, was arrested for throwing stones at the passing street cars and Squire Johnson gave him a dose of \$10 and costs and ten days in the county jail at New Cumberland. He was committed, and will be compelled to work the fine and ten days out on the streets of New Cumberland.

Another young man was arrested by the police in the evening, for disorderly conduct, but on consideration the officers let him go.

## ON JONES' TRAIL

Pennsylvania Company Detective Determined to Run Down the Pickpocket.

The Pennsylvania railway detectives are still prosecuting a search for Jones, the pickpocket, and say they will yet land him for the numerous offences he has been guilty of for pocket-picking among excursion throngs along their lines. Therefore the best men of the company's force have been put on his trail, and they have assured the New Cumberland authorities that they will soon again have him behind the bars.

## New Church for Chester.

The Presbyterians soon will organize into a church society. Plans for it are now materializing. They will hold services in the M. E. church Sunday, July 6, and Rev. Mr. Green, of Fairview will preach. At that time it is the intention of inviting Rev. Mr. Green to preach regularly. Considerable interest is taken in the movement.

## Lecture by Chinese Girl.

## Pearls Before Swine.

The evening was advanced when a venerable squire of ancient name and lineage arose to propose a toast. Scarcely had he heard one more successful. He began modestly. "I feel," said the good man, "that for a plain country squire like myself to address a dignified body like the presbytery of St. Andrews, including in its number various learned professors, is indeed to cast pearls before swine."

He had to pause long ere he got further. Thunderous applause broke forth. The swine cheered as if they would never leave off. We all knew perfectly what the laird meant. I was sitting next to him as he spoke the words. I heard them with these ears. "Twenty-five Years of St. Andrews."

TO LA BELLE VIEW PLAN OF LOTS AT

## Steubenville, Ohio, Saturday, June 28th

Take pen or pencil in hand at once, if you cannot call, and get in your request to either Pittsburg or Steubenville office of the

**DUQUESNE REALTY CO.**

for the pasteboards that will carry thousands to fortune on next Saturday.

We especially urge those who missed the first excursion to the great introductory sale on May 24th to get in NOW. Those who have already investigated La Belle View property will need no persuasion to influence them to come out again — they'll be the most eager buyers on the property!

Think of what your eyes will see at La Belle View now! Over 550 lots already sold and over 300 of them being improved as rapidly as their enthusiastic owners can push forward operations.

Beautiful new residences and modern business houses springing up on every side — some already completed!

Have you noticed the way prices have bounded upwards? The way first purchasers are hanging on to their gold mines — refusing 10, 15 and even as high as 25 per cent profit!

But Notwithstanding this enormous advance, the Company has decided to give those who missed the first excursion a second chance to get in on the ground floor, and have not raised the prices for the second sale except on fifty very fine Boulevard lots that were not staked or opened at last sale. On these fifty lots prices have been raised 10 per cent, but should have been raised 25 per cent, as investors who have bought the adjoining Boulevard lots are asking as high as 33 to 50 per cent advance.

La Belle View in its infancy is proving the greatest money-maker in modern real estate. What will the future bring for those who get in now! The most conservative conversant with real estate will tell you that this boom will over-reach all predicted bounds!

Come look at the towering giant industries the La Belle Steel Company is erecting! These alone will call more workmen to Steubenville than La Belle View plan of lots will hold homes for them to live in.

The National Steel Company will employ about 2,000 men in the billet and rod mills; the Pope Tinplate Works will start with 800 men, and increase to double this number in the next fourteen months; the La Belle Steel Works employ 2,100 men at present at their new open hearth furnaces and at the new tube mills. When completed this industry alone will give employment to 6,000 men.

It is estimated that the army of workmen in Steubenville and vicinity will be increased to 15,000 and that in less than ten years there will be a compact commercial metropolis of more than 50,000 souls, built up solidly with no vacant land intervening.

**Had His Finger Hurt**—Kinsey Tolbert, who is employed at Elizabeth, Pa., is visiting his mother Mrs. Martha Tolbert. While at work in Elizabeth he had the ends of his fingers of his right hand nipped off by a pipe cutting

## ACTS OF CRUELTY AT GIRLS' HOME

DAMAGING TESTIMONY ABOUT STATE INSTITUTION.

Girl Died in a Strait Jacket For Refusing to Work When Ill.

Columbus, June 26.—(Special)—The hearing to investigate the charges of cruelty made against Captain Stiles, superintendent of the Girls' Industrial home was resumed yesterday at the office of the state board of charities. The testimony was very damaging to Stiles. Joseph P. Byers, secretary of the board, who made an inquisitorial visitation to the institution, criticized the superintendent on his failure to enforce proper discipline. He regarded as barbarous the methods of punishment used at the home.

It developed that Nora Ferris, the girl who died in a strait jacket at the home, had been subjected to severe punishment. She was tied up to an iron bar, with her hands strapped behind her and in this position she was found dead. She had occupied the "strong room" for four days and was tied in bed. One of the matrons testified that she had remonstrated with the officials against the form of punishment meted out to the girl. She was punished because she refused to work. The testimony showed that she was ill at the time. The autopsy revealed that she had a weak heart. The officials claim she feigned illness.

The evidence of the first day was decidedly damaging to Superintendent Stiles. The investigation was ordered by the legislature, and will not be completed for some time yet.

At the close of the session a set of resolutions were adopted thanking the East Liverpool and East End lodges for their hospitality, the press and others for courtesies extended.

The visiting delegates were entertained last night at Rock Springs, and treated to all the amusements in vogue there, including dancing. They speak highly of East Liverpool, and are well pleased with their reception in this city.

### BRIDLE ON CORPORATIONS.

House Amendment on Philippine Bill Would Prevent Combines.

Washington, June 26.—The Philippine civil government bill was thrown open to amendment in the house yesterday. Very slow progress was made, only 15 of the 50 pages of the bill being completed. By an amendment offered by Mr. Bartlett, of Georgia, cases involving the construction of the constitution can be appealed from the supreme court of the islands to the supreme court of the United States, and by one offered by Mr. Littlefield, of Maine, one corporation in the islands is prohibited from holding stock in another. These were the only amendments of importance adopted.

The earlier portion of the day was devoted to consideration of conference reports on the sundry civil, army and navy appropriation bills. The house adopted a proposition agreeable to the senate with reference to the disputed items in the army bill, and by a vote of 63 to 95 refused to agree to the senate amendments to the naval bill providing for five submarine torpedo boats.

The tournament promises to attract great interest.

### Tree That Turns to Stone.

There is a tree that grows in Mexico called the "chijol," or stone tree. It is of enormous proportions, both in circumference and height. It has a number of branches spreading out widely and carrying leaves of a yellowish green color. The wood is extremely fine and easily worked in a green state. It is not given to either warping or splitting. The most remarkable thing about it is that after being cut the wood gets gradually harder, and in the course of a few years it is absolutely petrified, whether left in the open air or buried in the ground. From this timber houses can be built that would in a few years become completely fire-proof and would last as long as though built of stone.

## THE DEALINGS DECLINED.

Fell to Low Level of the Year on Wednesday.

New York, June 26.—The dealings in stock fell to near the low level of activity of the year again yesterday. The movement of prices was narrow and irregular. For the principal active stocks there was a good support and the undertone of the market was rather firm, but there was no disposition to buy in view of the uncertainty hanging over the market. There was a fairly general upward movement in the early dealings, which probably came from bear traders who sold short Tuesday evening on the apprehension that King Edward's illness might terminate fatally over night. There was nothing in the news of the day to account for a rise in

prices of stocks. The crop news was rather neutral. Traders who bought Reading professed confidence that the strike was breaking up and they had news of some further returns to work by strikers, but there was nothing like a general demand for the coals. Colorado Fuel was moved up 3 1/4 points on account of the session of the directors to take action on the dividend, but the gain was entirely wiped out without any news reaching the public to account either for the rise or reaction. A late advance in St. Paul made the closing steady, but very dull.

There was little doing in bonds and the market was irregular. Total sales, par value, \$2,015,000.

United States bonds were all unchanged on the last call.

Her escape from instant death was considered miraculous.

### WEDDINGS ARE MANY

## BLOODY FIGHT UPON A TRAIN

Woman Excursionist Got a Stab Intended for a Male Fighter.

### TRYING TO MAKE PEACE

She Got a Serious Wound—Drunken Excursionists Caused a Reign of Terror in a Railroad Car—Officers Unsuccessful in Restoring Quiet.

A general, fierce and bloody fight took place last night on the second section of the Pittsburgh excursion train as it was about to leave Chester. The participants were all drunk, and soon a general melee started, many engaging in fistfights.

One of the women who was attempting to separate two of the combatants received a bad knife wound in the breast, the knife cutting a terrible gash.

The stab was intended for one of the men fighting and she being directly in the way received the thrust. A physician, who accompanied the excursionists, dressed the wound.

The Chester officers and Detectives Reeves, Johnson and Jester, of

the railway company, entered the car and tried to quell the fighters, but did not succeed before the train left Chester. The detectives said they would arrest all parties concerned when they arrived in Pittsburgh. The car presented a bloody appearance.

## CHAS. ROSS' WOUNDS PROVED TO BE FATAL

YOUNG MAN THE VICTIM OF ACCIDENTAL SHOOTING.

The Bullet Through the Liver Caused Death Early Last Evening.

Charles Ross, aged 18, died at the home of his mother, Mrs. Charles Hayes, in Calhoun's addition at about 5 o'clock last evening, death being caused by an accidental gun shot wound received last week while he and a companion were examining a revolver.

Dr. Marshall, who, with others, performed an operation upon the young man, stated that his death was caused by the bullet penetrating the liver. No autopsy was performed. The funeral services will be held Saturday, it is thought, although definite arrangements were not completed this morning.

### DRUNKEN FIGHTS

And Disgraceful Conduct Characterized an Excursion Crowd Yesterday.

The picnic given in the name of the Hancock public school of Pittsburgh, brought to Chester and East Liverpool one of the most disorderly crowds of the season and the authorities were kept busy suppressing fights and disorder in the two towns. Numbers of females and their besotted male companions visited the saloons of East Liverpool, and a number of fights resulted. The language used on the street cars and thoroughfares, and the

## EXPLOSION CAUSED FIRE

Flames in Ikirt Building Proved Both Exciting and Dangerous.

### T. H. JONES BADLY BURNED

While Trying to Extinguish the Flames in Burning Tailor Shop.

### CAME NEAR SUFFOCATION

As a result of a fire in the Ikirt building, 206 Sixth street, yesterday afternoon at 5 o'clock, Jones & Bailey, proprietors of the tailoring establishment located in the upper side of the building, suffered a loss amounting to over \$600, and T. H. Jones, the senior member of the firm, received painful injuries.

The fire was caused by spontaneous combustion and originated at the rear of the building in what is called the dry room. A large quantity of pressed clothing had been placed in the room and the gasoline lighted for the purpose of drying them. Having done likewise on numerous occasions the proprietors were very much surprised when they heard the explosion.

Mr. Jones rushed into the room and endeavored to extinguish the flames but was unsuccessful. While groping through the room, filled with smoke, he came in contact with the blaze. His face was painfully burned and he was almost suffocated when he emerged on the street.

In a very short time the firemen responded to the alarm and as quickly they had the fire under control. The

## THE KING'S CONDITION IS MORE FAVORABLE

London, June 26.—(Special)—The official bulletin issued by the king's physicians at 10:05 this morning says: "His majesty has had a better night and has had some refreshing sleep. He has improved in all respects. His constitutional condition is quite favorable and the state of his wound also satisfactory."

The following bulletin was issued from Buckingham Palace at 2 o'clock this afternoon: "King's condition still remains satisfactory." It is signed by the physicians.

The king slept several hours this morning. His wound is not painful. He takes an interest in public affairs and the doctors and royal family are hopeful.

condition of many of these women was disgusting in the extreme. Especially was this so when they were boarding their trains at the park. Drunken men and women were assisted to the train, while many of their companions yelled in drunken glee.

The crowd within the park, however, was very orderly, and only those who came over to East Liverpool, and they were many, cast any disgrace on the event.

Two of the Pittsburgh excursionists who got on a load of East Liverpool tanglefoot were put off a Rock Springs car near the west end of the bridge last evening for refusing to pay fare. They started to walk over, and again refused to pay toll to Bridge Officer Paulley. One of them became quite abusive and applied vile epithets to the officer who finally took the offender by the coat collar and told him he would give him a free ride. He produced the toll and was given his freedom.

## TERROR IS SPREAD BY A MAD DOG

A dog belonging to John Moore, who lives near Hookstown, and which had been bitten by a mad dog some weeks ago, ran amuch lately through the farms of William Swearingen and others in that section, biting cattle hogs and other stock belonging to the farmers.

A number of the cattle and hogs had to be killed, says Mr. Swearingen, and it is thought a number of other animals have been bitten by the rabid dog.

The affair has caused great excitement in the neighborhood and there is much fear of an epidemic of rabies.

### RECEPTION AND MUSICALS

Delightful Affair at J. T. Croxall's Home in Honor of Mrs. Sinclair.

One of the most pleasant social functions of the season took place last evening at the home of Mr. and Mrs. Thos. J. Croxall, on Carolina avenue, Chester. It had been the intention to give the reception on the lawn, but the weather interfered.

The reception was given in honor of Mrs. Sinclair, of Hanoverton, and about 60 friends of the hostess and guest were in attendance.

Mrs. Croxall, assisted by Miss Laura Geon, received. The parlors were tastefully decorated with palms and cut flowers.

### TWO MEN AND A WOMAN

Hauled to the City Jail for Drunkenness and Disorder.

While drunk and hilarious Richard Walker and his wife and Frank Fireisen were arrested last evening by Officers Morris and Woods and quickly landed in the city jail by the aid of the patrol. They had been drinking throughout the day and were enjoying themselves with a gang of Pittsburgh excursionists. After the excursion train left the city they repaired to the home of Walker on lower Sixth street and it is said that in a very short time they had the neighbors running in fear. Walker and his spouse have darkened the mayor's sanctum upon several occasions.

Fireisen was given \$2 and costs, and the hearing of Walker and his wife has been postponed until the return of Mayor Davidson from Lisbon.

### A Closely Played Game.

The O. N. J. baseball team defeated the Third street Athletic club yesterday afternoon, in a closely played and interesting game, by a score of 13 to 12. The feature of the game was the marvelous pitching of Wolf, who struck out 17 men. The batteries were Wolf and Carroll; Smith and O'Brien.

### Travis and Hammerstein Settle.

Lisbon, June 26.—(Special)—The case of G. Y. Travis against H. H. C. Hammerton has been settled. Justice Rose, of East Liverpool, gave Travis a judgment for \$63.50 on a note. An order of sale for the defendant's personal property was issued. Hammerton appealed to the common pleas court.

## EAST END

## CRASHED THROUGH ROOF

A Large Maple Tree Fell on the Park Pavilion During the Storm.

Had the day been a pleasant one there is every reason to believe that a number of persons would have been seriously injured at Columbian park yesterday afternoon between 5 and 6 o'clock. At 5 o'clock several hundred dollars worth of damage was done to the dancing pavilion.

During the rain yesterday afternoon a large maple tree standing north of the pavilion fell and crashed through the roof of the building. Luckily there was not one about the building at the time. The roof of the building was badly damaged but a force of workmen are to be put on at once, making the necessary repairs, in order that the pavilion will be ready for use commencing next Tuesday morning.

## SIX MINUTE SCHEDULE

On the Street Railway to the East End May Go Into Effect Saturday.

Superintendent Thomas Reed, of the East Liverpool Street Railway, this morning stated that if it could be possibly done a six-minute schedule would be adopted on the road between the East End and the Diamond, commencing next Saturday evening. It may be that the improvements to the road will not be completed by that time, and if not the new schedule will not be commenced until early next week.

A force of men today made a long needed improvement to the Second street switch, and when this work is finished attention will be devoted to the completing of the switch on Ohio avenue. The new six minute schedule will be put in effect during the busy hours of the day.

## SEWER PIPE PLANT

Inspected by High Officials—Getting Its Share of Business.

Several high officials of the American Sewer Pipe company were in the East End today, the guests of General District Superintendent Thomas F. Anderson. While there they made a thorough inspection of the East End plant. It is intimated that the sewer pipe company is throwing as much as possible of its business to those plants with modern equipment.

The East End plant has been receiving its share of the large orders, and now that the power capacity of the plant has been increased it is likely still larger business will be offered the plant.

with rubbish, and the only time they are cleaned is during a heavy rainfall. This morning the runs, especially Lake's run, north of Pennsylvania avenue, was cleaner than it has been for months.

## Club Still in Existence.

Robert Sodecker this morning announced that the report which was extensively circulated in the East End yesterday morning that the Pastime club had disbanded was an error. He claims that the business of the club is run legally.

## MORE MAILS NEEDED

Railway Mail Service Official Will Recommend Two Mails for Chester Daily.

James McConnell, of Pittsburg, chief clerk of the railway mail service in this district, was in the city yesterday in conference with Postmaster Surles, of East Liverpool, and Postmaster Rose and others, of Chester, in regard to the betterment of the service between Mercer (Chester) and East Liverpool.

It was found that the former town had but one mail per day each way, and after solicitation by numerous citizens, Mr. McConnell came on to look into the matter. In speaking about a change last night the chief clerk said that he saw at a glance that two mails per day were absolutely necessary between these points, and will undoubtedly recommend such an improvement to the postoffice department in Washington.

Mr. McConnell left for Salineville last night, where he will look into other postal affairs that need attention.

## Few Packets Running.

The Kanawha river packets Kanawha and Greenwood, Parkersburg packet Bessie Smith and Zanesville packet, Lorena, are the only steamers running now. The Lorena is due up today and the Bessie Smith came up last night with a good trip. The river is stationary at present.

## The Hairpin in Surgery.

The hairpin as a surgical instrument is treated quite seriously by a physician who, writing in a technical journal, names fifteen different ways in which it may be used in an emergency to ease pain or even to save life. For example, it might serve as a probe, as a surgical needle, in place of a drainage tube, to remove foreign bodies, to compress a blood vessel or to close a wound.

"One hair of a woman can draw more than a hundred pair of oxen," wrote old James Howell almost three centuries ago. It may be that some of the virtue of the hair goes into the pin.

## PATTISON IS NAMED.

Chosen by Pennsylvania Democrats as Their' Gubernatorial Candidate.

## PHILADELPHIANS WALKED OUT

Left Convention After Kerr Lost Guthrie For Lieutenant Governor Nolan For Secretary of Internal Affairs—29 Philadelphia Delegates.

Lie, Pa., June 26.—For the third time in 20 years ex-Governor Robert E. Pattison, of Philadelphia, was nominated for governor of Pennsylvania yesterday by the Democratic state convention. George W. Guthrie, of Pittsburg, was the unanimous choice of the convention for lieutenant governor. James Nolan, of Reading, was nominated by acclamation for secretary of internal affairs. The platform makes no reference to national questions, which indicates that the campaign will be made strictly on state issues.

Pattison was first nominated at Harrisburg in 1882. He was nominated again at Scranton in 1890. Both times he was elected. His most formidable rival in yesterday's convention was ex-Congressman James Kerr, of Clearfield, who was chairman of the Democratic state committee in Pattison's second campaign.

Pattison appeared before the convention and made a brief speech of acceptance.

## Philadelphia Contest Hottest.

The real contest in the convention on the question of the representation from Philadelphia. Sixty delegates were elected, but State Chairman William T. Creasy ruled that county was entitled to only 29. The chairman's ruling was sustained by the credentials committee and also by the convention. During the debate on this question the spectators in the galleries interrupted John M. Garman, of Luzerne, with hisses and jeers. The police were called in by the sergeant-at-arms to restore order. All the Philadelphia delegates voted for Kerr, and left the hall after Pattison's nomination. The convention was held in the Park opera house.

The committee on permanent organization suggested Robert E. Wright, of Allentown, for permanent chairman. He was elected by acclamation.

## Overheated Blood.

vor of this report, denounced the Philadelphia Democrats for alleged party treachery. His remarks were received with jeers and hisses, mingled with cheers from the galleries. The din was so great he could scarcely be heard. Chairman Wright called upon the sergeant-at-arms to restore order and several policemen were stationed about the galleries.

Mr. Garman said Philadelphia ought not to have more than 29 delegates in the convention and that it was a question whether or not the Democrats of that county should not be kicked out of the Democratic convention. If they want a large representation in the convention let them vote the straight Democratic ticket and not a hybrid Republican ticket.

## Daly Replied to Garman.

J. Burwood Daly, of Philadelphia, replying to Mr. Garman, said he was the only Democrat in the state who ever took the action of a Democratic convention into court to destroy the action of that convention. He declared that the Philadelphia Democrats have justly earned the right to 60 delegates in the convention and that Messrs. Guthrie, Creasy and Pattison promised that if they voted the Union ticket last November they should be guaranteed party regularity.

This closed the discussion and the majority report of the committee was

GEORGE W. GUTHRIE.

adopted by a vote of 220 to 94.

Ex-Judge Edwin M. Harvey, of Lehigh, reported from the resolutions committee the platform, which was adopted.

The roll was then called for the nomination of candidates for governor. Pattison's name was presented by Colonel Frank J. Fitzsimmons, of Lackawanna.

The nomination was seconded by Isaac Heister, of Berks. David F. Portney nominated Colonel John A. Woodward, of Centre.

Charles A. Fagan, of Pittsburg, nominated George W. Guthrie.

Kerr's name was presented by ex-Judge Gordon.

The nomination was seconded by ex-Judge David L. Krebs, of Clearfield.

The nominations closed. Mr. Pattison was nominated on the first ballot. The vote by counties follows:

MISS JULIA McCORMICK  
SAYS FOR.  
LIFE PLANT.

Canton, O., May 22, 1902.

The Life Plant Co., Canton, Ohio.

Gentlemen:—Three years ago I was very sick; had no ambition whatever and was run down until I was miserable. I heard of Life Plant and decided to try it. Took two bottles of the medicine and it cured me. I had so much faith in it then that I advised many of my friends to try it. They did so with excellent results in every case. I could name many who have been cured of different troubles by Life Plant. One in particular was cured entirely of catarrh and many others were cured of different diseases. I consider it the best medicine for all blood diseases, General Debility, Asthma, Stomach Trouble, etc., that is made, and advise all who are suffering from such troubles to take Life Plant. I am never without Life Plant and take it at intervals as a tonic. Life Plant is the best medicine I have ever taken.

Yours respectfully,

## THE KING IMPROVED.

Physicians Cautiously Gave  
First Words of Hope

Last Night.

## AN OUTLOOK FOR RECOVERY.

Lord De Grey, Who Has Admittance

to the Palace, Expressed Himself

In Hopeful Manner—Prayer Ser-

vices to Be Held in Churches Today.

London, June 26.—King Edward's condition last night was even more satisfactory than had been indicated by the last bulletin. He had made a decided improvement and the feeling at Buckingham palace was very hopeful. His majesty was able to take nourishment. He had scrambled eggs and a little hock and soda last evening and with his own hands he opened several telegrams.

The bulletin issued at 11 o'clock last night was regarded as intensely satisfactory. This bulletin was generally taken as being the first occasion upon which the king's doctors had allowed themselves to express, even to a small degree, the hopeful feelings they undoubtedly, even though privately, entertained. Thirty-six hours had elapsed since the operation was performed, and the absence of complication created hopefulness in all quarters, although, as had been frequently said in these dispatches, several days must pass before the possibility of danger can be eliminated.

## People in a Quiet Mood.

Notwithstanding the fact that it was the eve of the intended coronation day, and that London was even more crowded with people than it was Tuesday, the scenes witnessed on the streets last night were marked in pleasant contrast with those of Tuesday evening. The reckless rejoicing which was then so disgracefully prominent was quite unheard last night. Traffic pursued its way unimpeded, and even the most popular thoroughfares were comparatively deserted. No illuminations dispelled the natural gloom which settled over the metropolis. The moon failed to penetrate the darkness over the city and a rather cold wind was blowing.

Quiet and depressed, the crowd waited outside Buckingham palace for the night's final news of the sovereign. For several hours they kept their patient vigil, wandering aimlessly, but with palpable anxiety, over the open space which fronts the royal residence. For some reason or another, a feeling pervaded the crowds that if the king lived until last night he would live to be crowned.

## All Quiet Within the Palace.

Inside the palace all was quiet. Queen Alexandra, who had been in the vicinity of the sick room the entire day, dined with a few members of the royal family. The callers who came to the palace in the course of the evening, contented themselves with driving up to the outer gates, where they alighted and walked in to inquire at the equestrian entrance for the latest news. There they met only liveried servants and small knots of reporters. With the exception of these callers and the noblemen who have the entrée to the court, everybody was rigidly excluded from the palace by the police. Lord Grey, a director of

requires physical and mental ability of a high degree to withstand its hard labors. The high tension to which the nervous system is constantly subjected, has a depressing effect, and soon headache, backache, neuralgia, rheumatism, sciatica, etc., develop in severe form. Such was the case of Mail Carrier S. F. Sweinhart, of Huntsville, Ala., he says:

"An attack of pneumonia left me with muscular rheumatism, headache, and pains that seemed to be all over me. I was scarcely able to move for about a month when I decided to give Dr. Miles' Pain Pills and Nerve Plasters a trial. In three days I was again on my route and in two weeks I was free from pain and gaining in flesh and strength."

king's recovery, and that he was sure that every Englishman was deeply touched with the sympathy of the United States in the present calamity.

## What He Expected From Americans.

"Although," Lord Grey added, "such kind expressions of feeling are only what I should expect after my recent pleasant experience of American hospitality."

Today has been officially appointed a day of intercession for the king and in every parish church in the United Kingdom special intercessory services will be held. Catholics, non-Conformists, Jews, Salvationists and other religious bodies are all arranging special prayers, while in the camps of the colonial and other visiting troops, be they Mohammedans, sun worshippers, Brahmins or Fire or Fetish worshippers, whether from China, Borneo, Fiji, Central Africa or Hindustan, or from the Indian reservations of Canada, the usual hour for prayers finds them supplicating their deity in behalf of the king.

Sir Frederick Treves, Sir Francis H. Laking and Sir Thomas Barlow were again spending the night within Buckingham palace and they had arranged for Sir Joseph Lister to join them in consultation this morning.

## AMERICAN SYMPATHY.

President Says We Watch King's Sick Bed With Deepest Concern.

Cambridge, Mass., June 26.—In opening his address at the Harvard commencement dinner yesterday afternoon President Roosevelt said: "Let me speak for all Americans today when I say that we watch with the deepest concern and sympathy the sick bed of the English king, and that all Americans in tendering their hearty sympathy to the people of Great Britain now remember keenly the outburst of genuine grief with which all England last fall greeted the calamity that befell us in the death of President McKinley."

## BIDDLE REWARD DIVIDED.

Butler County, Pa., Officials Get \$2,400.  
Most of Rest to Pittsburgers.

Pittsburg, June 26.—A conference took place yesterday at the office of the county commissioners in the matter of the division of the \$5,000 reward for the capture of the Biddle brothers in Butler county. Attorneys Christley and W. Z. Murrin, of Butler, arrived in the city yesterday morning and met the representatives of the Pittsburg detectives and other claimants of the reward at the court house.

By the terms of the agreement reached \$2,400 of the amount goes to the Butler county people and \$2,350 to the Pittsburg detectives, while J. G. Spahn, of Pittsburg, and John Gregory, of Cooperstown, who had charge of the National Transit company wires and gave information leading to the capture, are to divide the remaining \$250.

John H. Nicholson, aged 47, president of the State National bank, Boulder, Col., died suddenly at his summer home at San Diego, Cal. He was a former resident of Steubenville.

## Chronic Diarrhoea.

This disease is generally regarded as incurable, mainly for the reason that the remedies usually employed are ineffectual. That it can be cured, however, has been fully proven in many cases. The following tells of one of them: Mr. T. W. Greathouse, of Prattsburgh, Ga., says: "I had been suffering from chronic diarrhoea for seven years. Last year I began taking Chamberlain's Colic, Cholera and Diarrhoea Remedy, and it has entirely cured me. I had spent lots of money for doctors' medicine in the run of the seven years. If it had not been for this remedy I would have been dead now, and I feel that I can never say too much in its favor or recommend it too highly." Sold by Alvin H. Bulger, Druggist.

Many are fond of Tapico, but dislike the trouble of soaking it. Use Mrs. Austin's Quick Lunch Tapioca. No soaking. 15c.

## A Brilliant Musician.

The Cleveland Plain Dealer published the following: "A very pleasant musicale was given Monday evening by Miss Goldie Weaver, of East Liverpool, formerly of this city, at the home of Mr. and Mrs. John Clegg, No. 78 Percival street. The program was so agreeably rendered that every member was repeatedly encored. Miss Weaver has been studying in the New England Conservatory of Music, Boston. She plays with remarkable brilliancy and is a promising student."

## CRASH!!

Goes the crockery and the waitress will probably be called clumsy and careless. Her plea of sudden dizziness is not allowed. "What right has she to be dizzy?" they ask. Women who are suffering from diseases peculiarly feminine are liable to sudden dizziness and faintness, and it is only by curing the womanly diseases to which they are subject that dizziness and other ills can be entirely relieved.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It cures irregularity, dries disagreeable, weakening drains, heals inflammation and ulceration, and cures female weakness. When these conditions are cured, backache, headache, dizziness, etc., are also cured.

"I suffered for twelve years with female trouble," writes Mrs. Milton Grimes, of Adams, Ark., "which brought on other diseases—heart trouble, Bright's disease, and at times would be nearly paralyzed. Had neuralgia of stomach. I can freely say your medicine (nine bottles in all) of Favorite Prescription, four of 'Golden Medical Discovery,' and two vials of Dr. Pierce's Pellets, have cured me. I can work with comfort now, but before I would be tired all the time and have a dizzy headache, and my nerves would be all unstrung so I could not sleep. Now I can sleep and do a big day's work, something I had not done for over eleven years before."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Doctor Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

## Notice to Republicans.

Notice is hereby given to the Republican  
electors of the Eighteenth Congressional  
District of Ohio, that a delegate Convention  
to place in nomination a Candidate for  
Representative to Congress will be held at  
Salem, July 23, 1902.

at 11 o'clock, a. m.  
Delegates will be selected in the several  
counties composing said district on the  
basis of the Republican vote cast for Pres-  
ident in 1900, viz: One delegate for each 100  
votes and fraction thereof in excess of 50.  
COLUMBIANA, 108 Delegates  
MAHONING, 86 Delegates  
STARK, 132 Delegates  
By Order of Congressional Committee,  
J. P. FAWCETT,  
E. H. TURNER,  
ED. A. KING,  
Committee.

At the November election next year,  
the people of Ohio will have four im-  
portant propositions to decide. They  
are proposed constitutional amend-  
ments which the last session of the leg-  
islature provided should be submitted  
to a vote. The Ohio state board of  
commerce is already beginning a sys-  
tematic campaign of education in fa-  
vor of all of them. It is none too soon  
place the matter before the people and  
let them ponder the questions involv-  
ed and make up their minds. As a  
contemporary remarks, the most of  
the amendments submitted to the peo-  
ple fail at the polls, not because a ma-  
jority of the voters cast their votes  
against them, but because, not under-  
standing clearly what they propose,  
a very large number do not vote on  
them at all. As a constitutional  
amendment requires a majority of all  
the votes cast at the election in order  
to be adopted, all who fail to vote are  
counted against the proposition. The  
four amendments are as follows:  
First—To abolish the double liability  
of stockholders in business corpora-  
tions. Second—To prepare the way  
for reforming our system of state and  
local taxation by classifying all sub-  
jects of taxation, and applying a uni-  
form rule to all subjects included in  
a class. Third—To invest the govern-  
or with the power of veto. Fourth—  
To provide that each county shall  
have at least one representative in  
the general assembly.

The appointment of township road-  
masters and the doing away of  
the old system—or lack of sys-  
tem—in Stark county is said to  
have worked a wonderful improvement  
on the country highways of that sec-  
tion. Two days' labor on the roads  
was done away with and the people  
pay road taxes instead of working.  
This puts a fund in the hands of the  
roadmasters that allows him to do  
more work and at the time when the  
roads need it. Under the old system  
the roads were worked in spots and  
generally very little judgment was  
used. Now each year in every town-  
ship some improvements of a perma-  
nent nature can be made. It is pre-  
dicted that in a few years the roads on  
Stark county will be 50 per cent better  
than they are today. If the experi-  
ment accomplishes this, its influence  
and example should be far-reaching. It  
is certainly true that the residents of  
the country districts began to study  
scientific road-making and put ap-

proved methods into practice. Amer-  
icans, so enterprising in all other di-  
rections, are behind the age in this  
particular, but concerted effort to  
awaken them to a realization of their  
shortcomings is slowly but surely hav-  
ing its effect.

Much as one may admire the in-  
trepidity of scientists who have been  
looking into burning craters to add to  
their own and the world's information,  
a physician of Paris is undertaking an  
experiment fully as dangerous and far  
better calculated to add to useful  
knowledge. Prof. Koch some time ago  
asserted that it was impossible for a  
human being to contract tuberculosis  
from cattle. The Paris doctor disbe-  
lieves this theory, and in the interests  
of science and at the risk of possible  
martyrdom, has had himself inoculated  
with tuberculosis from a cow, and will  
let the disease run its course and run  
the risk of being cured afterward. All  
the heroes do not perform their deeds  
on fields of battle.

The Pennsylvania Democrats did not  
mention Bryan or his famous plat-  
form. But they were so busy roasting  
Mr. Quay and others that they came  
near forgetting everything else.

Tramps will keep out of Kansas.  
Farm help is so scarce out there that  
agriculturists are reported using shot  
guns to drive any stray hoboes they  
may find into the harvest field.

Probably the reason Mr. Bryan stayed  
out of that Nebraska fusion move-  
ment was that he is not prepared for  
another defeat so soon after his latest  
memorable one.

The Panama canal bill is moving  
along toward final adoption, and the  
great undertaking, talked of for a cen-  
tury, will soon be under way.

Pattison, of Pennsylvania, evident-  
ly fails to remember the old adage  
about the pitcher that goes frequently  
to the well.

The Democratic party is certainly  
in need of an arbitration board, but we  
wily the man who serves on that body.

### CASTRO'S MEN DEFEATED.

Tried to Take Venezuela Town, but  
Surrendered to Rebels.

Willemstad, Island of Curacao,  
June 26.—Advices received here from  
Venezuela, under date of June 20,  
said President Castro recently tried  
to occupy LaVela (on the gulf of  
Coro). He sent General Colmenares  
with a large force of troops to attack  
the town by sea, hoping that General  
Ayala would assist by land and catch  
the revolutionists who are there, com-  
manded by General Riera. General  
Matos' first lieutenant, between two  
trees. But for unknown reasons there  
was no assistance by land and Gen-  
eral Colmenares, after three hours' fight-  
ing, was compelled to re-embark his  
troops and abandon the attack.

During the morning of June 20 Gen-  
eral Riera left LaVela and with 1,500  
men attacked Coro, the capital of the  
state of Falcon, nine miles distant.  
After five hours' battle General Ayala,  
first vice president of the republic  
and commander of Castro's army, and  
General Telleria, president of the  
state of Falcon; 17 generals and 45  
colonels surrendered, with five guns  
and 1,652 men.

The moral effect of this victory was  
incalculable on all the country, as  
President Castro lately represented in  
bulletins that General Riera was fly-  
ing with only 10 followers.

## Our Grape Phosphate

If there is one best drink at  
our fountain, and we think there  
is, the above is its name.  
To drink it is to praise it. We  
can not tell you how fine this  
Grape Phosphate really is.  
You must taste it, sip it, drink  
it slowly, to be able to fully ap-  
preciate its qualities.  
It is made differently, served  
differently, and it tastes differ-  
ently than any Grape Phosphate  
you have ever drank.

## WHAT IS GOING ON IN THE POTTERIES

### Special Correspondence.

Wheeling, June 26.—The decorating  
department of the Warwick pottery  
has been closed until after July 4. The  
clay department is still working, and  
when it stops will draw three weeks'  
pay.

John Devine, a dipper at the War-  
wick, who is known to many in East  
Liverpool, will leave in a few days for  
Baltimore, where he will visit rela-  
tives for several weeks, or until the  
plant resumes business.

T. J. Duffy, of East Liverpool, was  
in the city Sunday visiting friends.

Frank Wagner and wife spent their  
short vacation at Tiffin, where they  
are visiting relatives and friends. Mr.  
Wagner was formerly employed at  
East Liverpool, and worked for some  
time at Brant's.

The employees of the Riverside pot-  
tery have organized a sick and bene-  
ficial society. Each member pays in  
25 cents each pay and if a member is  
ill he receives \$5 a week from the so-  
ciety. At the end of each six months  
a dividend is declared, and the money  
left is equally divided among the sev-  
eral members. A dividend of \$2.20  
has just been paid, although a number  
of sick claims have been granted dur-  
ing the past few months.

Local No. 46 of Wheeling, at its last  
meeting, elected the following officers  
for the last six months of the present  
year: President, George Cusick; vice  
president, Andrew Baker; recording  
secretary, August Martin; financial  
secretary, J. J. Scholl; treasurer, Jas.  
Bradley; inspector, Charles Hebrank;  
inside guard, Patrick Crogan; trustee  
for 18 months, H. A. West. The new  
officers will take their seats at the  
next session, which will be held in  
July.

An attempt is being made by the  
members of local 46 of this city, to get  
the union label and then work in con-  
junction with the plumbers, who are  
asking for the general use of their la-  
bel all over the city.

George Newhardt, a well known  
presser of this city, has issued a chal-  
lenge to box any East Liverpool pot-  
ter at a weight of 135 pounds. New-  
hardt is gaining quite a reputation as  
a boxer about Wheeling.

Andrew Shroder, a well known pres-  
ser, met with an accident recently  
which is causing him much pain. He  
was moving some moulds and some of  
them fell on his left foot, mashing  
several toes.

A closet called the "top supply wash  
down," which is only made in the  
west at Wheeling, Tiffin and Kokomo,  
is something new. A number of large  
orders have been received at the Riv-  
erside for this new shape.

Not very much time is being made  
at the LaBelle pottery, one of the  
general run-of-ware shops of Wheel-  
ing. The pressers are working but  
half time. A new jumbo jigger has  
been placed in this shop, and all the  
ware possible is being made on it.

It is estimated that the fire which  
gouted the packing house of the Iron-  
sides pottery at Bordentown, N. J.,  
late Monday night, did \$10,000 dam-  
age to the stock alone. The damage  
to the building will amount to several  
thousand more. The loss is covered  
by insurance. The Bordentown fire  
department was unable to cope with  
the flames, but did good work in sav-  
ing surrounding property. Several  
persons had narrow escapes from seri-  
ous injury by falling walls. Amos  
Thorn, William Roberts, Frederick  
Barker and William Warrick, Jr., were  
slightly hurt.

Charles Rambo, a kiln drawer at  
the Dresden, met with a serious acci-  
dent Monday. He was taking a sag-  
ger from a bung when it broke, and  
some pieces fell on his left arm, sev-  
ering an artery. He was taken to the  
office of a physician where five stitches  
were required to connect the cut  
flesh. Rambo worked for Edwin  
Veith and will be unable to work for  
several days.

The sagger makers on the new end  
at the Laughlin No. 3 will lose only  
two days as a result of the approach-  
ing shut down. This will be on July  
4 and 5. The company is in need of  
many sagers, and as this will give  
the sagger makers a chance to in-  
crease the stock of green sagers, a  
good supply can be obtained.

B. C. McCullough has resigned his  
position as kiln fireman at the Oliver  
plant at Sebring, and has gone to  
East Palestine where he has taken a  
similar position with the East Pale-  
stine pottery company. His position  
at the Oliver will be looked after by  
William Hollingshead, who is well  
known in this city.

A charter was issued at the state  
department at Harrisburg to the Key-  
stone Pottery company at New Brigh-

ton, capital \$30,000. The directors  
are: Oliver Molter, Charles F. Kra-  
mer, L. H. Blair, F. H. Walker, Wil-  
liam Lloyd, H. C. Rigby and James C.  
Cowan.

Dish makers' local No. 29, has elect-  
ed the following officers: President,  
James Heckathorn; vice president  
Everett Rose; recording secretary, H.  
O. Allison; financial secretary, J. S.  
Myler; statistician, James Hecka-  
thorn; treasurer, Robert White.

William Devon, chief fireman at the  
D. E. McNicol pottery, went to  
Moundsville yesterday to attend the  
funeral of Monroe J. Timlin. He re-  
turned to the city today.

William Herron, engineer at the  
Sevres pottery, is very ill at his home  
on Third street. He has been unable  
to work for several days.

### QUAY WAS SATISFIED.

Agreement Reached to Consider Ter-  
ritories Bill Next Session.

Washington, June 26.—In a few  
minutes yesterday the senate dis-  
posed for this session of the omnibus  
statehood question, which has been  
pending for several days. Mr. Bev-  
eridge, of Indiana, chairman of the  
committee on territories, announced  
that a report on the bill before the  
committee would be made on the third  
day of the next session. This was  
satisfactory to Mr. Quay, of Pennsylv-  
ania, who, after securing an agree-  
ment that the committee's report  
could be the unfinished business on  
and after the 10th of December un-  
til it was disposed of, withdrew his  
motion to discharge the committee  
from further consideration of the  
measure. After Mr. McCumber, of  
North Dakota, had discussed the  
pending pure food bill, and Mr. Gal-  
lenger, of New Hampshire, had de-  
livered an extended argument to show  
that the present prosperity of the  
country was due to the operations of  
the Dingley tariff law, the senate  
took up the calendar and passed a  
large number of bills of minor im-  
portance.

The conference report on the army  
appropriation bill was agreed to, thus  
passing that measure and eliminating  
the friction which has existed be-  
tween the two houses over it.

### Ready to Take Hold.

"He told me it would probably be a  
bitter fight," said the man who had  
just been to see a lawyer.

"But he convinced himself of the  
justice of your cause," suggested his  
wife.

"Well, no, not right away," replied  
the prospective litigant. "He first con-  
vinced himself that I had money  
enough to make the fight."—Chicago  
Post.

### Before the Ark.

Noah's ark is generally supposed to  
be the earliest ship of which we have  
record, but there exist paintings of  
Egyptian vessels immensely older than  
the date, 2849 B. C., usually assigned  
to the ark, being, indeed, probably be-  
tween seventy and eighty centuries old.  
Moreover, there are now in existence  
in Egypt boats which were built about  
the period the ark was constructed.

## HEALTH BOARD MEETING

Work of Health Officer Commended.  
New Ordinance Proposed.

The board of health met in the council chamber last evening. All the members were present except Dr. B. R. Parke, the president. The work of the health official, Dr. D. C. Tarr, was commended. Dr. Tarr has been quite vigilant and careful in attention to the city's sanitary needs.

People generally have observed his mandates. The board has a list of local health rules in the hands of the printer, and a thousand copies will be issued in pamphlet form for free distribution. Consideration of a new health ordinance occupied the attention of the board. It will be presented at the council next Monday evening.

## WILCOX-WELLS

Pastor of M. P. Church and a Michigan Young Lady Married Last Evening.

The wedding of Lemoine C. Wells, pastor of the Methodist Protestant church of Wellsville, and Miss Florence Mae Wilcox, of Adrian, Mich., took place last evening at 7 o'clock. After an extended wedding tour Mr. and Mrs. Wells will reside in Wellsville.

## Site For New Church.

Rain interfered with the congregational meeting of the United Presbyterian church last evening. The trustees were present to make their report on the new church building and contemplated purchase of a lot, but did not take the matter up. It will be disposed of at the close of the special church service tomorrow evening. The trustees will recommend the purchase of a 60-foot lot owned by John Cattell on Eighth street at \$1,800.

## Insane Delusions.

Zim Whitacre, who was arrested for peculiar conduct and thought to be demented Saturday evening, is insane and has not rallied from his malady. He imagines that he is being pursued by wild animals that have escaped from a circus. He was demented once before and will probably be taken before the probate court where an inquest will be held.

## Water Trustees' Decision.

At a meeting of the water works trustees it was decided to proceed at once with tests in drawing water by gravel filtration from the river and if that method does not result in clear, wholesome water, for the city to construct another reservoir, filtering the water from one basin to the other.

## Meat and Milk Inspector.

The board of health decided last evening to create the position of meat and milk inspector. As it will require a person of some scientific attainments the salary will not be small. The appointment has not been made as the board has not completely outlined the inspector's duties.

## Appraisement Boards Met.

The various appraisement boards appointed at the last meeting of council to assess benefits on the various streets that are being paved, met last evening in the council chamber to prepare their reports for the next meeting of the council.

## He Remembered.

At a public dinner in New York one night the statement was made that the colored race had longer memories than white folk. Mark Twain, who was present, agreed with the remark and to prove it told the following:  
"Some years ago when south I met an old colored man who claimed to have known George Washington. I asked him if he was in the boat when General Washington crossed the Delaware, and he instantly replied, 'Lor, massa, I steered dat boat.'"  
"Well," said I, "do you remember when George took the hack at the cherry tree?"  
"He looked worried for a minute and then, with a beaming smile, said: 'Why suah, massa, I dun drove dat hack mahself.'"

## JUSTICE'S COURT BUSY

Squire Johnston Had a Number of Offenders to Deal With.

Squire Johnston's court at Chester presented a busy scene yesterday afternoon and evening on account of trouble arising over the Pittsburg picnic crowds. Four arrests were made.

James Fleming and Theodore Bailey, both of Pittsburg, were arrested in front of the home of John Spivey on First street. Fleming, it appears, had hurled a stone through a window of Spivey's house. Squire Johnston on hearing the evidence released Bailey.

He being in no wise to blame in the matter. Fleming was given \$5 and costs and \$1 for using profanity in the court. He was committed to the county jail also for ten days, and was taken there this morning.

William Martin, a colored man, was arrested for throwing stones at the passing street cars and Squire Johnston gave him a dose of \$10 and costs and ten days in the county jail at New Cumberland. He was committed, and will be compelled to work the fine and ten days out on the streets of New Cumberland.

Another young man was arrested by the police in the evening, for disorderly conduct, but on consideration the officers let him go.

The work of laying the new street railway track from the park to the bridge will begin next week, as the grading is nearly complete. The rails and ties for the work are on the ground.

## Pearls Before Swine.

The evening was advanced when a venerable squire of ancient name and lineage arose to propose a toast. Sel-dum have I heard one more successful. He began modestly. "I feel," said the good man, "that for a plain country squire like myself to address a dignified body like the presidency of St. Andrews, including in its number various learned professors, is indeed to cast pearls before swine."

He had to pause long ere he got further. Thunderous applause broke forth. The swine cheered as if they would never leave off. We all knew perfectly what the laird meant. "I was sitting next to him as he spoke the words. I heard them with these ears."—Twenty-five Years of St. Andrews.

# GRAND FREE EXCURSION

TO LA BELLE VIEW PLAN OF LOTS AT

## Steubenville, Ohio, Saturday, June 28th

Take pen or pencil in hand at once, if you cannot call, and get in your request to either Pittsburg or Steubenville office of the

**DUQUESNE REALTY CO.**

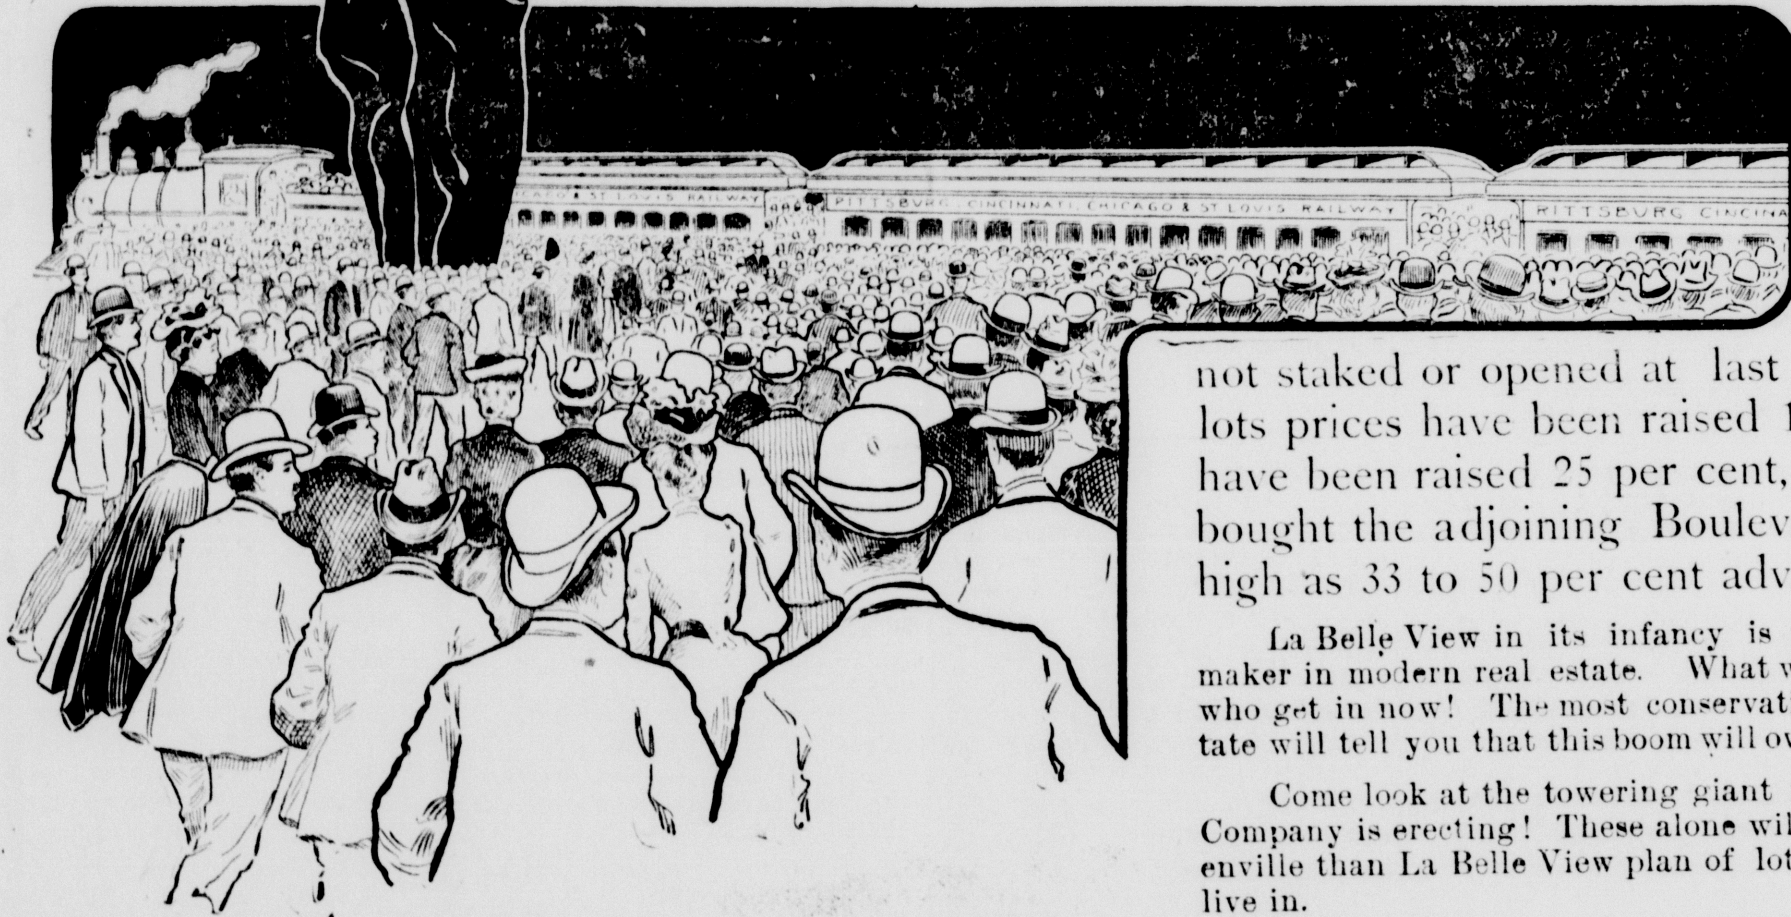

for the pasteboards that will carry thousands to fortune on next Saturday.

We especially urge those who missed the first excursion to the great introductory sale on May 24th to get in NOW. Those who have already investigated La Belle View property will need no persuasion to influence them to come out again — they'll be the most eager buyers on the property!

Think of what your eyes will see at La Belle View now! Over 550 lots already sold and over 300 of them being improved as rapidly as their enthusiastic owners can push forward operations.

LA BELLE VIEW  
PLAN  
OF LOTS  
**FREE  
EXCURSION**

Beautiful new residences and modern business houses springing up on every side — some already completed!

Have you noticed the way prices have bounded upwards? The way first purchasers are hanging on to their goldmines — refusing 10, 15 and even as high as 25 per cent profit!

But Notwithstanding this enormous advance, the Company has decided to give those who missed the first excursion a second chance to get in on the ground floor, and have not raised the prices for the second sale except on fifty very fine Boulevard lots that were not staked or opened at last sale. On these fifty lots prices have been raised 10 per cent, but should have been raised 25 per cent, as investors who have bought the adjoining Boulevard lots are asking as high as 33 to 50 per cent advance.

La Belle View in its infancy is proving the greatest money-maker in modern real estate. What will the future bring for those who get in now! The most conservative conversant with real estate will tell you that this boom will over-reach all predicted bounds!

Come look at the towering giant industries the La Belle Steel Company is erecting! These alone will call more workmen to Steubenville than La Belle View plan of lots will hold homes for them to live in.

### A HELPING HAND

Is Gladly Extended by an East Liverpool Citizen.

There are many enthusiastic citizens in East Liverpool prepared to tell their experience for the public good. Testimony from such a source is the best of evidence and will prove "a helping hand" to scores of readers. Read the following statement:

Mr. G. H. Garner, the well known manufacturer of ice cream at 168 Jackson street, says: "My trouble set in with a soreness and stiffness over my whole body; my appetite was poor, and I was annoyed a good deal with bloating at the stomach. There was a urinary difficulty, and I felt generally used up. I tried two or three different remedies, but they did not do me the least good. Having heard Doan's Kidney Pills so highly spoken of, I purchased a box at the W. & W. pharmacy. I did not take over half of it before I was entirely free from any trouble, my appetite was good, and my old time vigor restored. I recommended them to many of my friends, among them P. J. Green, V. S., and they all speak of them in the highest terms."

Sold for 50 cents a box by all dealers. Foster-Milburn Company, Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Sold by W. & W. pharmacy.

### STORM'S FATAL WORK

Tornado Swept Over Marietta, O.—Destruction In Its Path.

ONE KILLED; 20 INJURED.

Extent of Storm's Ravages Not Known Last Night—Storm Struck North Central Indiana—Two Killed; Fifty Injured.

Marietta, O., June 26.—A tornado swept over Marietta last evening, destroying everything in its path. The extent of the storm could not be learned last night, but it was known that one person was killed and probably 20 injured. Property loss was estimated at \$200,000.

At 8 o'clock during a heavy electrical and rain storm, the tornado swept upon the city with a suddenness that caused the greatest consternation and swept the city from end to end. The loss, as nearly as can be estimated, is not less than \$200,000. The extent of the storm could not be learned last night. The plant of the Parkersburg and Marietta Interurban company was laid flat and the streets were in darkness. Telephone lines were all down. One life was known to be taken. Engineer Severance, of the Electric Light company, was killed when the building went down. Probably 20 persons are seriously injured. At least 15 substantial houses were blown and the escape of inmates from instant death seems miraculous. The Ohio Valley wagon works plant, one of the largest industries, is a mass of ruins. The Acme brick plant was completely demolished. Hundreds of trees are blown down and streets are almost impassable. In total darkness, the half could not be told last night. The path of the tornado was at the lower end of the city, taking almost everything before it. Meager reports were coming in from the country districts, where the tornado had undoubtedly wrought great damage. No details could be learned last night.

Storm in North Central Indiana. Indianapolis, June 26.—The entire north central portion of Indiana was visited yesterday by one of the most disastrous storms that ever swept over the state.

The storm swept sections covering hundreds of miles, extending from

Hancock county, northwest, through the northern portion of Marion county, Hamilton and Boone counties, and doing much damage in Tippecanoe and adjacent counties. Madison county also felt its fury.

Thousands of buildings were razed, tens of thousands of trees were uprooted and now blockade highways, railroads and traction lines; crops utterly ruined, causing a loss estimated at nearly \$2,000,000, and 50 persons were more or less injured. But two deaths have been reported with authority. One was that of James Vanhey, who was caught in the ruins of a collapsed barn near Pendleton, and the other James Bailey, who was killed by flying timbers at McCordsville.

### CONDEMNATION ACTIONS

Instituted by the Wabash Railroad to Secure Rights For Its Toronto Branch.

Toronto, June 26.—The Wabash railway, by the local company organized to procure its right of way, has taken the initial step toward legally condemning property for its Toronto branch. This is regarded as a positive guarantee that the Wabash will come up the river with the extension proposed.

The Steubenville and Toronto Railway company has filed an action in the probate court against Hannah Nee, the Cleveland & Pittsburgh railway company, and the Pennsylvania company. The petition recites that it is a corporation organized under the laws of Ohio for building and operating a railway from Steubenville to Empire, and that a certain tract of land in Island Creek township, owned by Mrs. Nee, is necessary for its use in building said railway, and that its board of directors, by resolution, has laid out its line of road through the lands, and a certificate of the same has been filed with the secretary of state, as required

by law.

The petition states that the C. & P. and the Pennsylvania companies claim some interest or title to the real estate, and asks that they be required to set up what if any claim they may have in the premises; that the plaintiff has been unable to agree with Mrs. Nee as to compensation for the land. It asks that the property be appraised and a jury appointed to fix the value. Probate Judge Kerr has set a preliminary hearing for July 7.

## ACTS OF CRUELTY AT GIRLS' HOME

DAMAGING TESTIMONY ABOUT  
STATE INSTITUTION.

Girl Died In a Strait Jacket For Refusing to Work When

Columbus, June 26.—(Special)—The hearing to investigate the charges of cruelty made against Captain Stiles, superintendent of the Girls' Industrial home was resumed yesterday at the office of the state board of charities. The testimony was very damaging to Stiles. Joseph P. Byers, secretary of the board, who made an inquisitorial visitation to the institution, criticized the superintendent on his failure to enforce proper discipline. He regarded as barbarous the methods of punishment used at the home.

It developed that Nora Ferris, the girl who died in a strait jacket at the home, had been subjected to severe punishment. She was tied up to an iron bar with her hands strapped behind her and in this position she was found dead. She had occupied the "strong room" for four days and was tied in bed. One of the matrons testified that she had remonstrated with the officials against the form of punishment meted out to the girl. She was punished because she refused to work. The testimony showed that she was ill at the time. The autopsy revealed that she had a weak heart. The officials claim she feigned illness.

The evidence of the first day was decidedly damaging to Superintendent Stiles. The investigation was ordered by the legislature, and will not be completed for some time yet.

### BRIDLE ON CORPORATIONS.

House Amendment on Philippine Bill Would Prevent Combines.

Washington, June 26.—The Philippine civil government bill was thrown open to amendment in the house yesterday. Very slow progress was made, only 15 of the 50 pages of the bill being completed. By an amendment offered by Mr. Bartlett, of Georgia, cases involving the construction of the constitution can be appealed from the supreme court of the islands to the supreme court of the United States, and by one offered by Mr. Littlefield, of Maine, one corporation in the islands is prohibited from holding stock in another. These were the only amendments of importance adopted.

The earlier portion of the day was devoted to consideration of conference reports on the sundry civil, army and navy appropriation bills. The house adopted a proposition agreeable to the senate with reference to the disputed items in the army bill, and by a vote of 63 to 95 refused to agree to the senate amendments to the naval bill providing for five submarine torpedo boats.

### Tree That Turns to Stone.

There is a tree that grows in Mexico called the "chijel," or stone tree. It is of enormous proportions, both in circumference and height. It has a number of branches spreading out widely and carrying leaves of a yellowish green color. The wood is extremely fine and easily worked in a green state. It is not given to either warping or splitting. The most remarkable thing about it is that after being cut the wood gets gradually harder, and in the course of a few years it is absolutely petrified, whether left in the open air or buried in the ground. From this timber houses can be built that would in a few years become completely fire-proof and would last as long as though built of stone.

## THE DEALINGS DECLINED.

Fell to Low Level of the Year on Wednesday.

New York, June 26.—The dealings in stock had to near the low level of activity of the year again yesterday. The movement of prices was narrow and irregular. For the principal active stocks there was a good support and the undertone of the market was rather firm, but there was no disposition to buy in view of the uncertainty hanging over the market. There was a fairly general upward movement in the early dealings, which probably came from bear traders who sold short Tuesday evening on the apprehension that King Edward's illness might terminate fatally over right. There was nothing in the news of the day to account for a rise in

prices of stocks. The crop news was rather neutral. Traders who bought Reading professed confidence that the strike was breaking up and they had news of some further returns to work by strikers, but there was nothing like a general demand for the coals. Colorado Fuel was moved up 3/4 points on account of the session of the directors to take action on the dividend, but the gain was entirely wiped out without any news reaching the public to account either for the rise or reaction. A late advance in St. Paul made the closing steady, but very dull.

There was little doing in bonds and the market was irregular. Total sales, par value, \$2,015,000.

United States bonds were all unchanged on the last call.
